Days Of Russian Noblewoman:

Days of a Russian Noblewoman Anna Labzina, 2001 Providing a unique glimpse into the domestic life of Russia's nobility in the late eighteenth and early nineteenth centuries *Days of a Russian Noblewoman* combines a rare memoir and a diary now translated into English for the first time Anna Labzina was relatively well educated by the standards of her day and she traveled widely through the Russian empire Yet unlike most writers of her time she writes primarily as a dutiful if inwardly rebellious daughter and wife reflecting on the onerous roles assigned to women in a male centered society Labzina was married young to Alexander Karamyshev who while well regarded in political and scholarly circles of his day proved to be brutish and abusive at home A Russian Voltairian he professed atheism and free love His unbridled behavior caused Labzina much grief which she vividly recalls in her memoir Because she moved among aristocratic circles her reminiscences bring readers face to face with celebrated figures of politics and literature including the Empress Catherine the Great and the Radiant Prince Grigorii Potemkin As a pious and charitable woman Labzina also speaks for others who rarely had a voice in literature serfs prisoners and political exiles Labzina wrote both her memoir and her diary during her second marriage to Alexander Labzin a leader in Russian Freemasonry and in the movement for religious revival At the same time she became actively involved in the spiritual life of his lodge the Dying Sphinx Her account of her spiritual development and her social sphere offer unparalleled insights into male and female sensibilities of the time

An Ordinary Marriage Katherine Pickering Antonova, 2017-03-15 *An Ordinary Marriage* is the story of the Chikhachevs middling income gentry landowners in nineteenth century provincial Russia In a seemingly strange contradiction the mother of this family Natalia oversaw serf labor and managed finances while the father Andrei raised the children at a time when domestic ideology advocating a woman's place in the home was at its height in European advice manuals But Andrei Chikhachev defined masculinity as a realm of intellectualism the father could be in charge of moral education defined as an intellectual task Managing estates that often barely yielded a livable income was a practical task and therefore considered less elevated though still vitally important to the family's interests Thus estate management was available to gentry women like Natalia Chikhacheva and the fact that it inevitably expanded their realm of influence and opportunity within the limits of their estates and that it increased their centrality to the family's material security relative to their social counterparts to the west was accidental *An Ordinary Marriage* examines the daily activities and ideas of the family based on multiple overlapping diaries and informal correspondence by the husband wife and son of the family as well as the wife's brother No such cache of intimate Russian family documents has ever previously been studied in such depth The family's relative obscurity with no pretensions to fame wealth or influence and the presence of a woman's private documents are especially unusual in any context The book considers the Chikhachevs social life reading habits attitudes toward illness and death as well as their marital roles and their reception of major ideas of their time such as domesticity Enlightenment sentimentalism and Romanticism
