Daysigns Native American Astrology From Ancient Mexico:

Day-signs Bruce Scofield,1991 In Day Signs readers will find the first psychological delineations of the 20 signs of Aztec Maya astrology ever published Included in the book is a clear explanation of the Aztec Mayan system of astrology and what academic researchers and the indigenous peoples of Mexico know about it Following this are delineations of the 20 signs including a list of famous people born under each one Everyone is influenced by one of these 20 signs that form the cornerstone of Aztec Maya astrology The book ends with 30 pages of tables for determining your day sign of birth *Day Signs* Bruce Scofield,2017 An easy to understand and fascinating overview of the astrology of the Maya and Aztecs of ancient Mexico and Central America which is based on day signs rather than sun signs This is a new version of the original edition which includes the author s latest insights Suitable for non astrologers **The Aztec Calendar Handbook** Randall C. Jiménez, Richard B. Graeber,2001 A manual for the Aztec calendar that explores the myths legends and history behind the ancient calendar and includes technical drawings a glossary timeline and an extensive bibliography **The Aztec Book of Destiny** Rick Holmer,2005-09 The Aztec Book of Destiny summarizes traditional Mesoamerican beliefs about the spiritual nature of time and its influence on one s personality and fate The ancient Aztec Toltec and Maya believed that the day of birth as defined in their sacred calendar affects destiny and this philosophy has guided their daily lives for more than 3000 years This book condenses the scattered and disparate literature about these beliefs into a fun and informative narrative but it goes far beyond what academics and popular authors have published to date The author presents a unique perspective shaped by the wisdom of a traditional calendar keeper he met in Mexico in 1973 The book s message is that the calendar is not simply an ancient and forgotten curiosity it is as relevant today as in ancient times The majority of the book projects the timeless Mesoamerican philosophy into contemporary Western society encouraging introspection and self awareness The Mayan Calendar and the Transformation of Consciousness Carl Johan Calleman,2004-03-25 Reveals the Mayan calendar to be a spiritual device that describes the evolution of human consciousness from ancient times into the future Shows the connection between cosmic evolution and actual human history Provides a new science of time that explains why time not only seems to be speeding up in the modern world but is actually getting faster Explains how the end of the Mayan calendar is not the end of the world but a path toward enlightenment The prophetic Mayan calendar is not keyed to the movement of planetary bodies Instead it functions as a metaphysical map of the evolution of consciousness and records how spiritual time flows providing a new science of time The calendar is associated with nine creation cycles which represent nine levels of consciousness or Underworlds on the Mayan cosmic pyramid Through empirical research Calleman shows how this pyramidal structure of the development of consciousness can explain things as disparate as the common origin of world religions and the modern complaint that time seems to be moving faster Time in fact is speeding up as we transition from the materialist Planetary Underworld of time that governs us today to a new and higher frequency of consciousness the Galactic

Underworld in preparation for the final Universal level of conscious enlightenment Calleman reveals how the Mayan calendar is a spiritual device that enables a greater understanding of the nature of conscious evolution throughout human history and the concrete steps we can take to align ourselves with this growth toward enlightenment *Horary Astrology: Plain and Simple* Anthony Louis,1998 Here is the best how to guide for the intermediate astrologer on the art of astrological divination Horary astrology is the best method for getting answers to questions of pressing personal concern Will I ever have children Should I buy that lakefront property What happened to my car keys When used wisely horary acts like a trusted advisor to whom you can turn in times of trouble Diversity, Culture and Counselling M.
