De Europese Monarchie In De Negentiende Eeuw Het Britse En Duitse Model

van Osta (Adrianus Petrus Johannes)

De Europese Monarchie In De Negentiende Eeuw Het Britse En Duitse Model:

De Europese monarchie in de negentiende eeuw Adrianus P. van Osta, 1982 *De Europese monarchie in de negentiende eeuw* Jaap van Osta, 1982 *Wilhelm I as German Emperor* Frederik Frank Sterkenburgh, 2025-01-17 This book offers the first ever scholarly study of Wilhelm I as Germany's first Kaiser. For decades Wilhelm has been dismissed by historians as a political nullity and an unwilling imperial figurehead who was perpetually overruled by chancellor Otto von Bismarck. As a result, scholars concluded that the imperial role did not reach maturity until the accession of Wilhelm II. This book challenges this assumption by analysing how Wilhelm used self-staging to effectuate his role as German emperor and set the precedent for his successors Friedrich III and Wilhelm II. It explores how he oversaw and intervened in the political and military decision-making processes, his use of politics of history, his understanding and practicing of the imperial role towards other German states and dynasties, his self-presentation in the new German capital and how his public persona was distorted in German cultural memory after his death in 1888. The book draws on a wealth of previously unexplored sources including material from Wilhelm's personal archive, the archives of the Hohenzollern monarchy, the Prussian state and local archives. It offers a much-needed reassessment of Wilhelm I and makes an important contribution to debates on the role of the Kaiser in German politics, the political system and culture of the early German nation-state and how the Hohenzollern monarchy adapted to the demands of generating popular support for its new German imperial role.

The House of Orange in Revolution and War Jeroen Koch, Dik van der Meulen, Jeroen van Zanten, 2022-06-06 An epic account of the House of Orange-Nassau over one hundred and fifty years of European history. Three rulers from the House of Orange-Nassau reigned over the Netherlands from 1813 to 1890: King William I from 1813 to 1840, King William II from 1840 to 1849, and King William III from 1849 to 1890. Theirs is an epic tale of joy and tragedy, progress and catastrophe, disappointment and glory, all set against the backdrop of a Europe plagued by war and revolution. *The House of Orange in Revolution and War* relates one and a half centuries of House of Orange history in a gripping narrative leading the reader from the last stadholders of the Dutch Republic to the modern monarchy of the early twentieth century, from the French Revolution and the Napoleonic wars to World War I and the European Revolutions that came after it.
