De exilios, maremotos y lechuzas Carolina Trujillo Piriz,-. Piriz Trujillo,1991 De Exilios, Maremotos y Lechuzas
Carolina Trujillo Piriz,- Piriz Trujillo,1991-12-01 NULL Remembering Transitions Ksenia Robbe,2023-10-04 This volume
offers critical perspectives on memories of political and socioeconomic transitions that took place between the 1970s and
1990s across the globe and that inaugurated the end of the Cold War The essays respond to a wealth of recent works of
literature film theatre and other media in different languages that rethink the transformations of those decades in light of
present day crises The authors scrutinize the enduring silences produced by established frameworks of memory and time and
explore the mnemonic practices that challenge these frameworks by positing radical ambivalence or by articulating new
perspectives and subjectivities As a whole the volume contributes to current debates and theory making in critical memory
studies by reflecting on how the changing recollection of transitions constitutes a response to the crisis of memory and time
regimes and how remembering these times as crises renders visible continuities between this past and the present It is a
valuable resource for academics students practitioners and general readers interested in exploring the dynamics of memory
