De Integritatis Et Corruptionis Virginum

Edouard Rahir

De Integritatis Et Corruptionis Virginum:

Wombs with a View Lawrence D. Longo, Lawrence P. Reynolds, 2016-05-12 The volume provides an archive of some of the most beautiful illustrations ever made of the gravid uterus with fetus and placenta which will serve future generations of investigators educators and students of reproduction The approximately two hundred figures from over one hundred volumes included are from the late fifteenth through the nineteenth century For each author whose work is depicted in this volume we have used the first edition or first illustrated edition In the commentary each volume and illustration is placed in its historical perspective noting both the significance of that image but also some background on the life and work of the author For most of the works cited there are additional references for the reader who may wish to explore these in greater depth This volume is a unique collection not only of these historical images but also their place in the development of scientific study

Immaculate Forms Helen King, 2025-01-28 Never has medical history been more entertaining Dr Jennifer Gunter author of *The Vagina Bible* than in this turbulent history of women's bodies from classical Greece to the modern age Breasts clitoris hymen and womb Across history these body parts have told women who they are and what they should do Although knowledge of each part has changed through time none of them tells a simple story The way they work and in some cases even their existence have been debated They can be seen as powerful or as disgusting as relevant only to reproduction or as sources of sexual pleasure In *Immaculate Forms* classicist and historian Helen King explores the symbiotic relationship between religion and medicine and their twinned history of gatekeeping over these key organs that have been used to define woman illustrating how conceptions of women's bodies have owed more to imagination and myth than to observation and science Throughout history the way we understand the body has always been debated and it is still shaped by human intervention and read according to cultural interpretations Astute and engaging *Immaculate Forms* is for everyone who has wondered what history has to say about today's raging debates over the human body and who is really female

French Books III & IV (FB) (2 vols.) Andrew Pettegree, Malcolm Walsby, 2011-10-14 *French Books III IV* complete a comprehensive bibliographical survey of all books published in France in the first age of print It lists over 40 000 editions printed in France in languages other than French during the fifteenth and sixteenth centuries together with bibliographical references an introduction and indexes It draws on the analysis of over 3 000 collections situated in libraries throughout the world *French Books* will be an invaluable research tool for all students and scholars interested in the history culture and literature of France as well as historians of the early modern book world For vols I II please go to *French Vernacular Books*
