México visto por el cine extranjero Emilio García Riera, 1987 El rock mexicano María del Carmen de la Peza Casares, 2014-01-30 María del Carmen de la Peza concibe el rock como un fenómeno sociocultural y político complejo en el que participan actores y espectadores en el espacio público mediante la acción y el discurso En este sentido el rock constituye un espacio fértil para explorar la emergencia de los roqueros como sujetos políticos y las relaciones conflictivas de los sujetos de clase raza género y generación entre sí y con los poderes constituidos Para comprender la relación entre comunicación y poder a diferencia de la mayoría de estudios centrados en los medios masivos de comunicación la autora presta atención al murmullo social del rock que como espacio de deliberación pública acción concertada y dispositivo de almacenamiento de la memoria colectiva es un espacio privilegiado de la política Así descartando una lectura complaciente el libro expone los claroscuros del rock mexicano al mismo tiempo que reconoce su papel en la emergencia de discursos y sujetos desde siempre silenciados
