De Gaulles Europe Or Why The General Says No:

De Gaulle and European Unity Hardev Singh Chopra, 1974 Britain, France and the Battle for the Leadership of Europe, 1957-2007 Richard Davis, 2023-08-04 The book gives an account of an essential part of Britain's troubled relationship with the rest of Europe after 1945 particularly considering the rivalry of France and Britain between 1945 and 2007 The record of Britain's relations with the rest of Europe and in particular with France from 1945 onwards was seen by the politicians and diplomats in charge of foreign policy very much in terms of a diplomatic battle This is paradoxical given that European integration was supposedly aiming to create a European community Although Britain has usually been seen as an at best half hearted participant in European integration it nonetheless maintained its ambition to assume the leadership of Europe This inevitably led to a confrontation with France which shared the same goal This book begins by looking at the opposing ways in which these two ancient European rivals presented very different models for the sort of Europe they wished to see emerge It goes on to consider the record of their rivalry between 1945 and 2007 After this Britain effectively gave up the battle for the political leadership of Europe This however should not obscure the fact that it had succeeded in imposing many of its social and economic models on Europe This volume will be of interest to both undergraduate students and general readers interested in Britain's position in Europe *The General Says No* Nora Beloff, 1963 Britain's Failure to Enter the European Community, 1961-63 George Wilkes, 2013-05-13 The essays collected here outline a number of factors which made the EC too young to be able to assimilate Britain's important interests and the British over optimistic in their approach to negotiations with the Community The role of conflict over Western strategy and European political union in the breakdown of the negotiations is reassessed and the negotiations over agriculture and the Commonwealth are revealed in an entirely new light *French Foreign Policy Under De Gaulle* Alfred Grosser, 1977 A History of Franco-German Relations in Europe Carine Germond, Henning Türk, 2008-10-15 This book surveys Franco German relations from the French Revolution to the 1990s collecting the most current research from area specialists *A Readers' Guide to Britain and the European Communities* Carol Cosgrove-Sacks, 1970 **The British Library General Catalogue of Printed Books to 1975** British Library (London), 1977 **The British Library General Catalogue of Printed Books to 1975** British Library, 1979

Europe Or the Open Sea? Ivor Richard, 1971 **De Gaulle; a Political Biography** Alexander Werth, 1966 **The New Republic** Herbert David Croly, 1908 **NATO Letter**, 1964 **European Series**, 1967 U.S. News & World Report, 1969 *Freedom & Union* Clarence Kirshman Streit, 1969 **Shadow on the White House** David L. Anderson, 1993 Harry Truman's administration began searching for an American response to the clash in Indochina between French colonialism and Vietminh communism in 1945 Thirty years and five administrations later Gerald Ford and his aides tried unsuccessfully to solicit additional aid for South Vietnam from a reluctant Congress For Truman Ford and every American leader in between the dilemma in Vietnam hung ominously over the presidency In *Shadow on the White House*

seven prominent historians examine how the leadership of six presidents and an issue that grew into a difficult and often unpopular war shaped each other Focusing on the personalities politics priorities and actions of the presidents as they confronted Vietnam the authors consider the expansion of presidential power in foreign policy formulation since World War II In their analyses they chronicle the history of executive leadership as it related to Vietnam assess presidential prerogatives and motives on war and peace issues and clarify the interconnection between the modern presidency and the nation s frustrating tragic and humiliating failure in Southeast Asia Although other histories have been written about the Vietnam experience this book is the first systematic and comparative survey on presidential leadership as it relates to the war issue It is organized by presidential administrations giving a detailed examination of each president s decisions and policies Based on the most recently opened archival sources the essays provide a framework on which to hang the kaleidoscopic events of the war Amazon com European Community ,1984 *United States Policy Toward Europe, and Related Matters* United States. Congress. Senate. Committee on Foreign Relations,1966 *The Presidency of John F. Kennedy* James N. Giglio,2006 The presidency of John F Kennedy continues to fascinate even as it also continues to inspire heated debates between admirers and detractors of Camelot s fallen king Now readers can gain a new appreciation of JFK in this thoroughly revised and updated edition of James Giglio s bestselling study widely acclaimed as the best and most balanced book on JFK s White House years Giglio incorporates the voluminous archival materials made available in the last fifteen years including the declassified documents on crucial foreign policy affairs and White House medical records that contradict the image of Kennedy s youth and vigor He stresses the extent to which domestic and foreign policies were interconnected at a time when the Cold War dominated national life and reveals his new appreciation for JFK s prudence in his handling of such enormous challenges as the Cuban missile crisis and the emerging war in Vietnam Giglio shows Kennedy to be the most medicated one of the most courageous and perhaps the most self absorbed of our presidents He reviews the physical ailments and heavy prescriptions that were kept out of the public eye and catalogs sexual indiscretions ranging from Marilyn Monroe and socialite Florence Pritchett to low level White House employees and even virtual strangers Surveying this field of conquest Giglio suggests that JFK s sexual obsession could easily have affected his presidency even more during a second term His work also amplifies coverage of key issues like civil rights the Cuban missile crisis and Vietnam and reevaluates many of the questions surrounding the assassination maintaining that even with the existence of a conspiracy still doubtful the case is far from closed Like the first edition this new edition provides a sharp and thoughtful analysis of both domestic and foreign affairs and underscores that despite his undeniably brief tenure in office the state of the nation actually did improve on Kennedy s watch Featuring an expanded bibliographical essay and twenty two photos from the JFK library *The Presidency of John F Kennedy* remains the definitive appraisal of Camelot s kingdom
