Dead Body Language:

Dead Body Language Penny Warner, 1997-05 Thirty seven year old journalist Connor Westphal has relocated from San Francisco to Flat Skunk a mining turned tourist town in the foothills of the Sierras to start up her own weekly paper Suddenly dead bodies begin turning up in the most unusual places setting Connor on a hunt for a killer You might say Connor has a sixth sense when it comes to investigating but she only has four of the usual five senses Connor Westphal is deaf But being hearing impaired doesn't stop Connor from pursuing the murderer Without sound to distract her she attends to subtleties that others overlook and ultimately unravels the mystery From the Paperback edition *The ^AOxford Handbook of the Prophets* Carolyn Sharp, 2016-09-01 This volume engages the cultural norms and theological convictions of ancient Israel in the shadow of the Egyptian Babylonian and Persian empires Essays explore ancient Near Eastern historical contexts interpret prophetic narratives and poetry offer feminist materialist and postcolonial readings and more Indispensable for scholars and students of the prophets Narrating Narcos Gabriela Polit Dueñas, 2013-10-18 Narrating Narcos presents a probing examination of the prominent role of narcotics trafficking in contemporary Latin American cultural production In her study Gabriela Polit Due juxtaposes two infamous narco regions Culiacan Mexico and Medellin Colombia to demonstrate the powerful forces of violence corruption and avarice and their influence over locally based cultural texts Polit Due as provides a theoretical basis for her methods citing the work of Walter Benjamin Pierre Bourdieu and other cultural analysts She supplements this with extensive ethnographic fieldwork interviewing artists and writers their confidants relatives and others and documents their responses to the portrayal of narco culture Polit Due as offers close readings of the characters language and milieu of popular works of literature and the visual arts and relates their ethical and thematic undercurrents to real life experiences In both regions there are few individuals who have not been personally affected by the narcotics trade Each region has witnessed corrupt state police and paramilitary actors in league with drug capos Both have a legacy of murder Polit Due as documents how narco culture developed at different times historically in the two regions In Mexico drugs have been cultivated and trafficked for over a century while in Colombia the cocaine trade is a relatively recent development In Culiacan characters in narco narratives are often modeled after the serrano highlander a romanticized historic figure and sometime thief who nobly defied a corrupt state and its laws In Medellin the oft portrayed sicario assassin is a recent creation an individual recruited by drug lords from poverty stricken shantytowns who would have little economic opportunity otherwise As Polit Due as shows each character occupies a different place in the psyche of the local populace Narrating Narcos offers a unique melding of archival and ground level research combined with textual analysis Here the relationship of writer subject and audience becomes clearly evident and our understanding of the cultural bonds of Latin American drug trafficking is greatly enhanced As such this book will be an important resource for students and scholars of Latin American literature history culture and contemporary issues **Jesus, Mary, and Joseph** Christopher A.
