Dead Center Clinton Gore Leadership And The Perils Of Moderation:

Dead Center Georgia Jones Sorenson, James Macgregor Burns, 1999-11-26 The urgent question of our time is whether we can make change our friend and not our enemy To renew America we must be bold must revitalize our democracy Together with our friends and allies we will work to shape change lest it engulf us With those inaugural words William Jefferson Clinton began his first term as President of the United States Now a Pulitzer Prize winning historian and a former White House aide provide the first penetrating thoughtful evaluation of President Clinton's leadership Before he was voted into office Bill Clinton told the authors in an interview that he wanted to be a transforming leader a president who would fashion real and lasting change in people's lives in the tradition of Franklin Delano Roosevelt But how has this president who has sought to lead from the center with his vice president Al Gore and the First Lady Hillary Rodham Clinton measured up against his own stated goals and the aspirations and performances of other presidents since World War II From the health care debacle and the 1994 midterm elections that swept the Republicans to a majority in both houses of Congress to the effect of scandal and impeachment on his ability to govern *Dead Center* examines the leadership style of Bill Clinton and offers a forceful challenge to the strategy of centrism There is no more respected presidential historian than James MacGregor Burns author of several acclaimed books on leadership and the Pulitzer Prize winning study of Franklin D Roosevelt Georgia J Sorenson adds her own insights as a political scientist and presidential scholar Their combined efforts have resulted in an incisive informative authoritative work and an absorbing read

The Truth of Power Benjamin R. Barber, 2008 In 1994 Benjamin R Barber was invited by President Clinton to participate in a seminar on the future of democratic ideas and ideals Following their meeting Barber became an informal consultant to the Clinton White House working with a president who proved to be an astonishing listener open to a variety of ideas Barber's experiences were unexpected and enlightening the most unpredictable being his interactions with the president himself Barber's meditation on Bill Clinton's tenure in office offers a balanced and complex portrait of the Clinton administration especially in its relationship to America's intellectual and scholarly community Barber also identifies the true faultlines of power that future candidates must negotiate if they are to win an election For this edition Barber has written a new afterword reflecting on Clinton's vision problem his controversial role in shaping today's Democratic Party and his efforts to confront the challenges of interdependence and terrorism He concludes with a provocative assessment of Hillary Clinton as a Democratic primary candidate in the battle for the presidency

Our Monica, Ourselves Lauren Berlant, Lisa A. Duggan, 2001-03 Alongside the O J Simpson trial the affair between Bill Clinton and Monica Lewinsky now stands as the seminal cultural event of the 90s Alternatively transfixed and repelled by this sexual scandal confusion still reigns over its meanings and implications How are we to make sense of a tale that is often wild and bizarre yet replete with serious political and cultural implications *Our Monica Ourselves* provides a forum for thinking through the cultural political and public policy issues raised by the

investigation publicity and Congressional impeachment proceedings surrounding the affair It pulls this spectacle out of the framework provided by the conventions of the corporate news media with its particular notions of what constitutes a newsworthy event Drawing from a broad range of scholars Our Monica Ourselves considers Monica Lewinsky s Jewishness Linda Tripp s face the President s penis the role of shame in public discourse and what it s like to have sex as the president as well as specific legal and historical issues at stake in the impeachment of Bill Clinton Thoughtful but accessible immediate yet far reaching Our Monica Ourselves will change the way we think about the Clinton affair while helping us reimagine culture and politics writ large Contributors include Lauren Berlant Eric O Clarke Ann Cvetkovich Simone Weil Davis Lisa Duggan Jane Gallop Marjorie Garber Janet R Jakobsen James R Kincaid Laura Kipnis Tomasz Kitlinski Pawel Leszkowicz Joe Lockard Catharine Lumby Toby Miller Dana D Nelson Anna Marie Smith Ellen Willis and Eli Zaretsky

Why Moderates Make the Best Presidents Gil Troy, 2012-09-12 George Washington Abraham Lincoln Theodore Roosevelt Franklin Delano Roosevelt John F Kennedy Ronald Reagan most would agree their presidencies were amongst the most successful in American history But what made these very different men such effective leaders According to presidential historian Gil Troy these presidents succeeded not because of their bold political visions but because of their moderation Although many presidential candidates claim to be moderates the word cannot conceal a political climate defined by extreme rhetoric and virulent partisanship In this book Troy argues that this is a distinctly un American state of affairs The great presidents of American history have always sought a golden mean from George Washington who brilliantly mediated between the competing visions of Thomas Jefferson and Alexander Hamilton to Abraham Lincoln who rescued the union with his principled pragmatism to the two Roosevelts Theodore and Franklin who united millions of Americans with their powerful affirmative nationalist visions Moderation in politics is difficult to achieve in an age of excess an anything goes culture feeds an all or nothing politics In the face of challenges both at home and abroad Troy calls for a muscular moderation a powerful affirmation of the values that united us and a commitment to a politics that builds from the center rather than playing to extremes As America lines up to select its next president Gil Troy brilliantly reminds us of the finest traditions of presidential leadership from our nation s past Published in 2008 by Basic Books as *Leading from the Center* This is first time in paperback

Defining Americans Mary E.
