Dead Voices Gerald Robert Vizenor, 1994 Gerald Vizenor gives life to traditional tribal stories by presenting them in a new perspective he challenges the idyllic perception of rural life offering in its stead an unusual vision of survival in the cities the sanctuaries for humans and animals It is a tribal vision a quest for liberation from forces that would deny the full realization of human possibilities In this modern world his characters insist upon survival through an imaginative affirmation of the self In *Dead Voices* Vizenor using tales drawn from traditional tribal stories illuminates the centuries of conflict between American Indians and Europeans or wordies Bagese a tribal woman transformed into a bear has discovered a new urban world and in a cycle of tales she describes this world from the perspective of animals fleas squirrels mantis crows beavers and finally Trickster Vizenor's central and unifying figure The stories reveal unpleasant aspects of the dominate culture and American Indian culture such as the fur trade the educational system tribal gambling reservation life and in each the animals who represent crossbloods connect with their tribal traditions often in comic fashion As in his other fiction Vizenor upsets our ideas of what fiction should be His plot is fantastic his story line is a roller coaster ride requiring that we accept the idea of transformation a key element in all his work Unlike other Indian novelists who use the novel as a means of cultural recovery Vizenor finds the crossblood a cause for celebration
