Deadly Exposure Turning Points:

Beneath the Surface Linda Turner,2010-08-01 When it came to men definitely the former But Abby Saunders was certainly aware that when it came to her boss and his mysterious possibly unsavory dealings it could well be the latter So when she was introduced to crack crime reporter Logan St John she was relieved After all it was unlikely that the still grieving if gorgeous widower would be looking for a relationship and maybe he could help her figure out how much trouble she was really in As for Logan his no strings attached connection with Abby was about to hit a snag Oh he could see how much danger she was in spotting danger was his area of expertise after all Funny how he completely missed the signs around his heart

Bounty Hunter's Woman Linda Turner,2009-01-01 Born and bred Londoner Priscilla Wyatt was shocked at how much she loved the Colorado ranch mysteriously bequeathed to her family But enemies were determined to drive the Wyatts away and innocent Priscilla was their next pawn Donovan Jones made it his mission to find his man or woman at any cost but retrieving Priscilla from her abductors was just the first hurdle Now he had to keep his feisty charge safe Even the solitary Donovan couldn't help but be captivated by his one of a kind client as they evaded their foes Before long the bounty hunter was in danger of stealing her heart and losing his own

A Younger Man Linda Turner,2010-05-01 To Do after High School graduation 1 Go to college 2 Fall in love with the man of my dreams 3 Get married 4 Have two kids one at a time Natalie Bailey may not have been very good with numbers but even she knew that she wasn't exactly doing things in the conventional order Because she'd skipped college married early and at age thirty three found herself a divorced mother of five year old twins and a college freshman to boot Not only that but it looked like the man of her dreams had just walked in the door except he was her younger if irresistible professor Maxwell Sullivan The last man she should be falling for based on her plan But you know what they say about plans

His Wanted Woman Linda Turner,2009-11-01 Special agent Patrick O Reilly was determined not to let Mackenzie Sloan's good looks sway him from his task The woman's innocent persona didn't mean she wasn't involved in illegal activities And after keeping track of her day and night for weeks he'd almost convinced himself his interest was all part of his job When the case placed Mackenzie in danger he could no longer deny his duty had turned to desire He'd lay down his own life to protect this woman But laying down his embattled heart might be the truest test of his resolve

AIDS and Other Killer Viruses and Pandemics Pete Schauer,2017-12-15 The 1918 influenza pandemic The Polio scourge The AIDS epidemic The Ebola and Zika outbreaks Modern history has seen numerous deadly viruses and pandemics that have harmed or killed hundreds of millions of people And the history is ongoing The world is facing antibiotic resistant superbugs and infectious diseases tied to climate change and our previously reliable medicines and treatments no longer always work What causes these outbreaks how they spread and how best to contain and combat them are often open to debate The most informed opinions from the most respected doctors researchers and public health officials are found here presenting various perspectives on our current and future health and offering both cause for hope and reason

to fear *A Hero to Count On* Linda Turner, 2008-04-01 Determined to heal her broken heart Katherine Wyatt retreated to her family's ranch She'd vowed to avoid men until she had to share space with a charming infuriatingly sexy cowboy Somehow Hunter Sinclair knew just how to provoke her and he seemed awfully determined to keep her in his sights Especially as someone wanted the Wyatts off the ranch for good There was no one she could trust more than Hunter to protect her And yet he posed the greatest danger to her heart *Report* Iowa State Horticultural Society, 1911
