De Conscribendis Epistolis:

J.L. Vives: *De conscribendis Epistolis* Juan Luis Vives, 2023-03-20 The study of Vives is mainly still dependent upon the well known Opera Omnia Valencia 1782 1790 8 volumes provided by Majansius Though this edition has manifest merits it cannot stand the test of present day criticism It does not offer a critical apparatus thus being useless for the study of the evolution of Vives thought on the basis of the revisions he made in his publications Nor does it contain a systematically worked out apparatus fontium which makes it possible to assess Vives knowledge of the ancient literature crucial for an accurate understanding of his humanist education and evolution Finally the legibility of Majansius edition is impaired by the often misleading division into paragraphs rather idiosyncratic orthography and punctuation The aim of this series is primarily to provide critical editions Consequently the text is accompanied by a critical apparatus and an apparatus fontium supplemented with 3 indices an index nominum an index locorum and an index verborum memorabilium in which language use at variance with the Thesaurus Linguae Latinae will be indicated In addition an English translation with a restricted set of notes is provided The main consideration however remains the critical edition The notes to the translation do not replace the information compiled in the apparatus fontium So in using the present publication one should not restrict oneself to the right hand page a fact which the editors wish to emphasize de Conscribendis Epistolis... - Primary Source Edition
