De Gaulle Dictateur Une Grande Mystifica:

The Gaullist Attack on Canada, 1967-1997 J. F. Boshier, 1999 What lay behind Charles de Gaulle's Vive le Québec libre speech in Montreal on 24 July 1967 Philippe Rossillon's activities in New Brunswick Belgium and Africa and the sinking of Greenpeace's Rainbow Warrior in New Zealand in 1985 J F Boshier argues that the motivation behind all these incidents was a policy of underhanded imperial ambition on the part of France In The Gaullist Attack on Canada he contends that French nationalists have been at work behind the screen of harmless fraternising of international francophonie in order to stimulate French revolutionary nationalism in Quebec and elsewhere and that the Gaullist ideology behind these attempts rests on a set of myths about past events age old resentment of the English speaking nations and a deep rooted belief in the superiority of France its language and its culture The Gaullist Attack on Canada reveals a phase of French imperialism that poses a threat to Canadian Confederation Since the 1960s Boshier argues de Gaulle and his followers have conspired to stimulate Quebec separatism as part of their larger goal to revive France's role as a great power He bases his case on the evidence of France's actions in other former French colonies especially in Africa as well as the writings of such leading Gaullist conspirators as Bernard Dorin Pierre Claude Mallen Pierre de Menthon and Philippe Rossillon who have boasted about their efforts to win Quebec away from Canada for France Boshier criticises the Canadian government for its failure to respond to or even to recognise the Gaullist threat The Under Secretary of State for External Affairs in the 1960s Marcel Cadieux wanted to take vigorous steps against the Gaullist mafia but was overruled by his political superiors Boshier argues that even now by standing up to French aggression the government might weaken the separatist movement in Quebec or at least turn the tide of political support for it

Bourgeois Politics in France, 1945-1951 Richard Vinen, 2002-07-11 This 1995 book is a general study of politics and society in the Fourth Republic and is founded on extensive primary research It approaches the period in terms of successful conservatism rather than thwarted reform maintaining that conservatism in France was a more subtle dynamic force than has previously been appreciated Not the preserve of any one single party conservative ideas were often defended by institutions outside the realm of explicit politics altogether such as business associations civil service departments and the law courts It is proposed that conservatives did not simply return to French politics in 1945 untouched by the events of the previous five years The experiences of Vichy the occupation and the purges produced new kinds of political synthesis making conservatives more dynamic and receptive to change than their progressive opponents

France, 1934-1970 Richard Vinen, 1996-04-12 This book describes the history of France between the anti parliamentary riots of 1934 and the death of de Gaulle in 1970 It is written as a series of interpretative essays rather than a straight chronological account Special emphasis is laid on the broad social conflicts between classes sexes and generations that underlay the complicated party politics of France Attention is also given to the episodes the rule of the Vichy government the Algerian war the thirty glorious years of economic growth and the student riots of 1968 that helped to transform the nation of

Clochemerle into that of Concorde **Orphans of the Republic** Olivier Wieviorka, 2009 On July 10 1940 by a 570 to 80 margin the representatives in the French parliament voted full powers to Philippe Pétain ending the Third Republic and paving the way for the collaborationist Vichy regime Olivier Wieviorka offers a nuanced portrait of the individuals who determined the fate of France at this critical moment Pétain claimed to be saving France from ruin The day of the vote has been described as a journée des dupes the legislators so ignorant or fearful that they voted without a thought to the consequences But Wieviorka shows that most of the deputies made a considered decision to vote for Pétain He analyzes the factors such as political culture and regional origins that motivated the voting on both sides and traces the men's fates through the war Recreating the tense atmosphere of summer 1940 Wieviorka shows how pressures brought on by defeat could affect even the most hardened republicans He illuminates the complex moral issues inherent in accommodation and collaboration in a time of crisis **The Sion Revelation** Lynn Picknett, Clive Prince, 2006-02-07 Explores the mysterious Priory of Sion organization investigating key questions about the alleged descendants of Jesus and Mary Magdalene Leonardo da Vinci's possible membership and the identity of Grand Master Pierre Plantard **Henry E.
