Allen, 2024 An exploration of the diverse lived experiences of marginality in Scottish society from the sixteenth to the eighteenth century Throughout the early modern period Scottish society was constructed around an expectation of social conformity people were required to operate within a relatively narrow range of acceptable identities and behaviours Those who did not conform to this idealised standard or who were in some fundamental way different from the prescribed norm were met with suspicion

Such individuals often attracted both criticism and discrimination forcing them to live confined to the social margins. Focusing on a range of marginalised groups including the poor migrants ethnic minorities indentured workers and women the contributors to this book explore what it was like to live at the boundaries of social acceptability what mechanisms were involved in policing the divide between mainstream and marginal and what opportunities existed for personal or collective fulfilment. The result is a fresh perspective on early modern Scotland one that not only recovers the stories of people long excluded from historical discussion but also offers a deeper understanding of the ordering assumptions of society more generally. Specific topics addressed range from the marginalisation of people with disabilities in the domestic sphere to female sex workers and the place of executioners in society.

Representing Epilepsy Jeannette Stirling, 2010-04-26 At least 50 million people worldwide have epilepsy. Representing Epilepsy the latest volume in LUP's acclaimed Representations series seeks to understand the epileptic body as a literary or figurative device intelligible beyond a medical framework. Jeannette Stirling argues that neurological discourse from the late nineteenth century through to the mid twentieth century is as much forged by the cultural conditions and representational politics of the times as it is by the science of western medicine. Along the way she explores narratives of epilepsy depicting ideas of social disorder tainted bloodlines sexual deviance spiritualism and criminality in works as diverse as *David Copperfield* and *The X Files*. This path breaking book will be required reading for cultural disability studies scholars and for anyone seeking greater understanding of this common condition. Representing Epilepsy offers a clever exploration of the cultural history of this condition based on an effective interdisciplinary approach. It will be of particular interest to scholars and students in the field of Medical Humanities as well as to all those involved in the care of people with epilepsy who wish to improve their understanding of the socio cultural repercussions of the condition. Maria Vaccarella King's College London

**Criminal Sentences** Steve Haste, 1997 A study of the influence of true crime on fiction and drama. The book begins by defining the genre and then traces its history from the anonymous 16th century play *Arden of Faversham* to the modern detective novel.

**The Double in the Fiction of R.L. Stevenson, Wilkie Collins, and Daphne du Maurier** Nathalie Abi-Ezzi, 2003 Robert Louis Stevenson Wilkie Collins and Daphne du Maurier are authors of particular importance to the literature of the double having produced among other works *The Strange Case of Dr Jekyll and Mr Hyde*, *The Woman in White* and *Rebecca*. Each also rejected the prevailing social order of his or her time a factor that plays an important role in determining how the double is represented and treated. The literary theory of romance narrative structure follows the hero's journey through a dark descent to a happier ascent but this journey is shown to apply to a largely masculine identity. On the other hand the rise of the female persona and her relation to the double is a progression that is clearly charted through the works of Stevenson Collins and du Maurier. It shows an extraordinary alteration in the structure of traditional romance narrative and leads to an exploration of new ways in which the imprisoned female character may be able to free herself and become whole.

**The Anecdotes and Egotisms of Henry**

**Mackenzie, 1745-1831, Now First Published** Henry Mackenzie, 1927      **The Man Who Was Jekyll and Hyde** Rick Wilson, 2015-03-02 He was a respected cabinetmaker and councillor by day but Deacon William Brodie changed into a sinister thieving monster when darkness fell on the old city of Edinburgh. Cleverly employing his respectable reputation to access the richest members of society before stealing from them as a masked burglar, he used the resulting illicit money to fund yet another life with five children and two mistresses. But Brodie, whose chilling story inspired Robert Louis Stevenson to create the classic tale of Dr Jekyll and Mr Hyde, about a century later came fatally unstuck when an accomplice informed on him. Then neither his ill-gotten gains nor his plans to cheat the hangman could save him. Rick Wilson traces the increasingly desperate double life of Brodie from his first taste of crime through to his public disgrace and execution hanging on the very gallows he allegedly conceived himself.      *The Journal of the Law Society of Scotland*, 1977      **The Robert Louis Stevenson Treasury** Alanna Knight, 1985 A comprehensive and entertaining volume of Stevensonian scholarship. From A to Z are the people he knew, his friends and family, his enemies, and those who wrote about him with flattery or malice. Stevenson's response to the social questions of his time are recorded, and his reactions, pleasant and unpleasant, to the places he visited in Britain, France, Switzerland, the United States, Australia, and the South Seas. As well as a bibliography of everything he wrote, novels, short stories, essays, poems, and letters, there are prefaces and dedications, historical notes, and anecdotes, delightful often poignant, of how certain books came to be written.      **National Union Catalog**, 1978 Includes entries for maps and atlases.      *The Athenaeum*, 1907      *National Union Catalog* Library of Congress, 1979 Includes entries for maps and atlases.      **Subject Catalog** Library of Congress,      *Subject Catalog*, 1978 Library of Congress, 1978      **Library of Congress Catalogs** Library of Congress, 1979      *Bibliography of Scotland* National Library of Scotland, 1978      *Athenaeum and Literary Chronicle*, 1907
