Deacons and Deaconesses Through the Centuries Jeannine E. Olson,1992 This book traces the history of deacons and deaconesses from the first century to the present creating an important resource for understanding the modern diaconate

One Ministry Many Roles Jeannine E. Olson,1992-01-01 *Women Deacons and Deaconesses* Charles W. Deweese,2005 Divided opinion on the topic of this book has caused controversy in Baptist history and life Most Baptist individuals and churches have strongly opposed women deacons Some Baptist associations have even disfellowshipped churches that have approved women deacons And women in general have been suppressed by many recent actions of the Southern Baptist Convention thereby affecting women deacons However thousands of Baptist churches include women in their deacon bodies and find that they make invaluable contributions The book presents arguments on both sides of the topic but lands squarely in support of women deacons Concordia Historical Institute Quarterly ,1996 A journal for the history of Lutheranism in America **The Twenty-First Century Deacon and Deaconess** Vincent E. White,2011-03-01 Outlines practical training techniques for deacons and deaconesses their qualifications and responsibilities historical references of their ministry from the first century Christian church until now the systemic cause and underlying factors that explain their under utilization and recommendations to change the status quo and develop a ministry that reflects the biblical model Publisher description **The Stratified Leadership Model of the First-Century Christian Church** Barton S. Garratt Edsall,2025-07-29 This research work aims to present a solution to the problem of withering Christian congregations present in modern Christian churches by way of expounding the doctrine that Jesus or his apostles promoted as displayed in the four canonical Gospels the Acts of the Apostles or the New Testament epistles This study presents factual information showing that the doctrine and arrangement of leaders that developed within the first century church may have been overlooked and lost by the wayside of history in favor of established traditions Paul declared his purpose for visiting the church believers in Rome was not to collect money or build houses of worship but so that their lives might manifest spiritual fruit Following that example improving the spiritual quality of their people s lives should be the primary goal of all Christian ministers The majority of this work will conduct a careful exegesis of selected passages from the New Testament which focus on the leadership model utilized by the first century church This study presents in detail the stratified leadership model of the early times in such a fashion that any modern church might replicate its design **The Century Dictionary and Cyclopedia:** **The Century dictionary, ed. by W.D.
