Dead Cert 2nd Printing:

And the Loser is: A History of Oscar Oversights [2nd Edition] Aubrey Malone, 2020-10-06 This is the first book of its kind Aubrey Malone has gone back to the start of the Oscar ceremonies and discovered that mistakes have been made every year in the choice of what has been deemed best in the categories of acting directing producing and the subsidiary awards He has identified all the great stars Garbo Montgomery Clift Peter O Toole Barbara Stanwyck etc who never held Oscars in their hands and also iconic directors like Stanley Kubrick who were never thus honored Why were some people over rewarded by the Academy and why did others fall below the radar The author outlines all of the extraneous factors leading to voting choices and how Oscar pariahs have often been subsequently or even posthumously awarded for the wrong films to make up for omissions in a given year With both wit and wisdom he has written an alternative history of the Oscars that will be required reading for both academics and film buffs alike It tells the story behind the story If there were Oscars for research Aubrey Malone would be right up there with the best of them **Film Ireland** [Iraqi Icicle 2nd edition](#) Bernie Dowling, 2014-09-12 A dead actress a dead gambler a dead professor a dead fisherman With murder following his every step determined under achiever Steele Hill is tangled in layers of intrigue and deviousness Pulled from his cosy world of the racetrack the rock music pub and the gambling den everybody the wise cracking Hill meets is in danger as he is sucked into the undertow of forces beyond his understanding One ally is a reclusive teenage maths whiz channeling Hendrix and tapping into military software and magic mushrooms The fix is in and the bodies are piling up Leaping off the shoulders of Joseph Heller's *Catch 22* *Iraqi Icicle* is a wild and hilarious ride through the dark and murky worlds of gambling drugs politics and rock n roll [Paperbound Books in Print](#), 1992 **The Clamorgans** Julie Winch, 2011-05-24 The Damning Absurd and Revelatory History of Race in America Told through the History of a Single Family Historian Julie Winch uses her sweeping multigenerational history of the unforgettable Clamorgans to chronicle how one family navigated race in America from the 1780s through the 1950s What she discovers overturns decades of received academic wisdom Far from an impermeable wall fixed by whites race opened up a moral gray zone that enterprising blacks manipulated to whatever advantage they could obtain The Clamorgan clan traces to the family patriarch Jacques Clamorgan a French adventurer of questionable ethics who bought up or at least claimed to have bought up huge tracts of land around St Louis On his death he bequeathed his holdings to his mixed race illegitimate heirs setting off nearly two centuries of litigation The result is a window on a remarkable family that by the early twentieth century variously claimed to be black Creole French Spanish Brazilian Jewish and white The Clamorgans is a remarkable counterpoint to the central claim of whiteness studies namely that race as a social construct was manipulated by whites to justify discrimination Winch finds in the Clamorgans generations upon generations of men and women who studiously negotiated the very fluid notion of race to further their own interests Winch's remarkable achievement is to capture in the vivid lives of this unforgettable family the degree to which race was open to manipulation by
