Thomas Rimer,2007-04-24 In Volume 2 of Columbia s comprehensive anthology of modern Japanese literature thoughtfully selected and carefully translated readings portray the vast changes that have transformed Japanese culture since the end of the Pacific War Beginning with the Allied Occupation in 1945 and concluding with the early twenty first century these stories poems plays and essays reflect Japan s heady transition from poverty to prosperity its struggle with conflicting ideologies and political beliefs and the growing influence of popular culture on the country s artistic and intellectual traditions Organized chronologically and by genre within each period readings include fiction by Hayashi Fumiko and Oe Kenzaburo poems by Ayukawa Nobuo Katsura Nobuko and Saito Fumi plays by Mishima Yukio and Shimizu Kunio and a number of essays among them Eto Jun on Natsume Soseki and his brilliant novel Kokoro The Heart of Things and Kawabata Yasunari on the shape of his literary career and the enduring influence of classical Japanese literature Some authors train a keen eye on the contemporary world while others address the historical past and its relationship to modern culture Some adopt an even broader scope and turn to European models for inspiration while others look inward exploring psychological and sexual terrain in new often daring ways Spanning almost six decades this anthology provides a thorough introduction to a profound period of creative activity **Die Romische Republik** EPUB 2-3,2015-04-22 Provides a comprehensive introduction to 20th and 21st century world poets and their most famous most distinctive and most influential poems **The Universal Deep Structure of Modern Poetry** John A.F. Hopkins,2020-04-02 With something of a poetry renaissance currently under way worldwide there is now more than ever a need for a solidly based methodology for interpreting poems something more empirical than traditional lit crit approaches and something more linguistically informed than the version of postmodernism rampant in certain Anglophone universities The latter approach which tends to allow the individual reader to do what he she likes with a poetic text is inadequate to interpret modernist poetry whose English language precursors may be found in the late Romantics its pioneers were already writing in France as early as 1840 What is so different about the modernists Most

importantly their works are monumental in that they are strongly resistant to deconstruction Contributing to this resistance is the fact that they are built around two deep level propositions each of which generates a set of indirectly signifying images sharing the same internal structure but having a different vocabulary Thus they do not signify according to linear narrative but according to these propositions and the relation between them which may be reconstructed by a careful comparison of images on the textual surface Every text as subject sign refers to an intertextual object sign which is usually another poem but may also be a film or other form of art Mediating between these two signs is their reader constructed interpretant which completes the semiotic triad As this book shows the novelty of this sign is thrown into relief by the contrast it makes with a lexical counterpart from the reader s experience which differs from the interpretant in structure The book s inclusion of French and Japanese as well as English poems shows that deep level signifying mechanisms may well be universal with considerable research and pedagogical implications

Giving People Poems 田中俊太郎, 2005 Poetry Asian American Studies Translated from the Japanese by William I Elliott and Kawamura Kazuo In Japan where even the imperial couple are required to turn off poems as part of their official functions it is not surprising that there is a long tradition of purely perfunctory poetry Nonetheless Japan s most popular living poet Tanikawa Shuntaro has always been known for upsetting the apple carts of Japan s formulaic society Here he does it again sacralizing poetry in its purely

perfunctory forms as a gift that may be appropriate for any occasion Lifting occasional poetry to a higher plane here are poems about hunger and books the recently constructed longest bridge in Japan cherry blossoms two dead friends Mozart and weeds making love to various women various observations on cats and diving into a swimming pool to wash off the lies of the world The Journal of the Association of Teachers of Japanese ,1986 **Journal of the Association of Teachers of Japanese** ,1986 **The Publishers' Trade List Annual** ,1991 *The Columbia Anthology of Modern Japanese Literature: From 1945 to the present* J. Thomas Rimer, Van C. Gessel, 2005 This comprehensive anthology collects works of fiction poetry drama and essay writing from a pivotal time in Japanese history In addition to their literary achievements the texts reflect the political social and intellectual changes that occurred in Japanese society during this period including exposure to Western ideas and literature the rise of nationalism and the complex interaction of traditional and modern forces The volume offers outstanding often new translations of classic texts by such celebrated writers as Nagai Kafu Shimazaki Toson Natsume Soseki Kawabata Yasunari and Yosano Akiko The editors have also unearthed works from lesser known women writers many of which have never been available in English Organized chronologically and by genre within each period the volume reveals the major influences in the development of modern Japanese literature the Japanese classics themselves the example of Chinese poetry and the encounter with Western literature and culture Modern Japanese writers reread the classics of Japanese literature infused them with contemporary language and refashioned them with an increased emphasis on psychological elements They also reinterpreted older aesthetic concepts in light of twentieth century mentalities While modern ideas captured the imagination of some Japanese writers the example of classical Chinese poetry remained important for others Meiji writers continued to compose poetry in classical Chinese and adhere to a Confucian system of thought Another factor in shaping modern Japanese literature was the example of foreign works which offered new literary inspiration and opportunities for Japanese readers and writers Publisher's description 日本文学の発展と変遷, 1994 **The Poetry and Poetics of Ancient Japan** Makoto Ōoka, 1997 It was the noblewomen of the Xth and XIth centuries who freed Japanese literature from the domination of formal Chinese writing to create a poetry shaped by spoken Japanese Many centuries later it was again women this time courtesans and prostitutes who through popular song liberated a poetry more and more restricted by increasingly rarified conventions In this remarkable book the poet Ooka Makoto who is also in Donald Keene's words a major critic perhaps the finest in Japan today opens the great library of poetry anthologies compiled by Imperial order He also recreates in detail the social political and cultural realities surrounding the development of Japanese poetry from ancient until modern times **Paperbound Books in Print** ,1992
