Terrorist Financing and Resourcing J. Vittori, 2011-02-14 A primer to terrorist financing and resourcing this book examines what terrorist organizations must acquire in order to survive and operate and describes the various means used to meet these needs It also observes how terrorism financing and resourcing has evolved since the beginning of the Age of Modern Terrorism

The New Dogs of War Ward Thomas, 2021-09-15 As Ward Thomas details in The New Dogs of War militias and paramilitary groups wield greater power than national governments in many countries while in some war zones private contractors perform missions previously reserved for uniformed troops Most ominously terrorist organizations with global reach have come to define the security landscape for even the most powerful nations Across the first decades of the twenty first century we have witnessed a dramatic rise in the use of military force by these nonstate actors in ways that have impacted the international system leading Thomas to undertake this valuable assessment of the state of play at this critical moment To understand the spread of nonstate violence Thomas focuses on the crucial role played by an epochal transformation in international norms Since the eighteenth century the Westphalian model of sovereignty has reserved the legitimate use of force to states Thomas argues that normative changes in the decades after World War II produced a crisis of coherence for formal and informal rules against nonstate violence In detailed case studies of nonstate militias transnational terrorist networks and private military contractors Thomas explains how forces contesting state prerogatives exploited this crisis which in turn reshaped international understandings of who could legitimately use force By considering for the first time all three purveyors of nonstate violence as aspects of the same phenomenon The New Dogs of War explains this fundamental shift in the norm that for centuries gave states the monopoly on military force

**Handbook of Critical Whiteness** Jioji Ravulo, Katarzyna Olcoń, Tinashe Dune, Alex Workman, Pranee Liamputtong, 2024-11-21 This timely handbook responds to the international drive to know more about Whiteness its origins its impacts and importantly the means for diffusing it Guided by critical Whiteness theory the volume deconstructs decodes and disrupts Whiteness as it is constructed and employed in contemporary and diverse contexts To do so the international contributors discuss and critique the role of 21st century Whiteness across a range of professions and disciplines relevant to the needs of contemporary global citizens Failure to deconstruct Whiteness as an ideology and the power structure underlying national and global racial inequalities undermines the efforts to improve social health and economic outcomes for societies and nations on a grand scale The handbook is comprehensive in its nature and contents with 10 themed parts ranging from a more disciplinary based approach theoretical frameworks and methodological frameworks to different aspects of decolonized approaches to social health political and economic well being It navigates how various disciplines respond to the pervasive and persuasive nature of Whiteness in their operational settings across individual professional organisational and systemic levels The volume is unique in its dual focus on deconstructing Whiteness and providing examples and recommendations on how diverse groups

seek to decolonize their communities and people through action Examples and recommendations are discussed with particular focus on 1 the interconnection between integrating indigenous and diverse knowledges and perspectives in deconstructing Whiteness 2 the urgency for critical Whiteness discourse dialogue and professional development across disciplines and 3 institutional accountability to decolonisation and anti racism Considering the ongoing marginalization and institutional racism directed at non White individuals and communities and the rise of White supremacy movements critical Whiteness pedagogy and research is more important than ever Handbook of Critical Whiteness Deconstructing Dominant Discourses Across Disciplines is an essential resource for students educators academics researchers higher education administrators practitioners policy makers organisational leaders government stakeholders and other professionals in social sciences medicine STEM allied global public health legal and political disciplines and health and social care institutions It especially engages those interested in decolonisation critical race theory critical Whiteness theory critical multiculturalism social justice anti racism and Indigenous knowledges

**The Routledge International Handbook on Decolonizing Justice** Chris Cunneen,Antje Deckert,Amanda Porter,Juan Tauri,Robert Webb,2023-07-03 The Routledge International Handbook on Decolonizing Justice focuses on the growing worldwide movement aimed at decolonizing state policies and practices and various disciplinary knowledges including criminology social work and law The collection of original chapters brings together cutting edge politically engaged work from a diverse group of writers who take as a starting point an analysis founded in a decolonizing decolonial and or Indigenous standpoint Centering the perspectives of Black First Nations and other racialized and minoritized peoples the book makes an internationally significant contribution to the literature The chapters include analyses of specific decolonization policies and interventions instigated by communities to enhance jurisdictional self determination theoretical approaches to decolonization the importance of research and research ethics as a key foundation of the decolonization process crucial contemporary issues including deaths in custody state crime reparations and transitional justice and critical analysis of key institutions of control including police courts corrections child protection systems and other forms of carcerality The handbook is divided into five sections which reflect the breadth of the decolonizing literature Why decolonization From the personal to the global State terror and violence Abolishing the carceral Transforming and decolonizing justice Disrupting epistemic violence This book offers a comprehensive and timely resource for activists students academics and those with an interest in Indigenous studies decolonial and post colonial studies criminal legal institutions and criminology It provides critical commentary and analyses of the major issues for enhancing social justice internationally The Open Access version of this book available at [www.taylorfrancis.com](http://www.taylorfrancis.com) has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4 0 license

Global Security Watch—Iran Thomas R. Mattair,2008-06-30 This book explains the foreign policy decisions of Iranian leaders as well as the foreign policy decisions of its neighbors and major world powers Iran is not treated primarily as a problem to be dealt with by the United States and

its friends There is an effort to understand not only the concerns and policies of the United States and its allies but also to understand Iranian concerns and policy Thus this book is better able than many others to explain the actions reactions and interactions of all the relevant actors and to explore the prospects for future war or peace Mattair provides a comprehensive analysis of Iran s relations with its neighbors and major world powers He begins with a review of Iran s foreign relations from the time of Iran s founding in the 5th century B C through the Islamic era beginning in the mid 600 s A D and the native dynasties that ruled in more recent centuries as Iran faced challenges from foreign powers such as the Ottoman Empire and Western colonial empires The rule of Shah Mohammed Reza Pahlavi from 1941 until 1979 is analyzed in detail covering his efforts to deter aggression by the Soviet Union forge an alliance with the United States assert Iran s power in the Persian Gulf and exercise Iran s economic power particularly through its oil wealth The bulk of the book however focuses on the foreign relations of the Islamic Republic of Iran since 1979 during the time in which Ayatollah Khomeini and his successors have ruled The reasons for Iran s early revolutionary activism its antagonism toward the United States and Israel and its war with Iraq from 1980 to 1988 are carefully examined The reasons for international efforts to contain Iran particularly efforts by the United States are also analyzed Iran s more pragmatic policies are explained as well including its close relations with Russia and China its efforts to repair relations with Saudi Arabia and the other Arab states of the Gulf its cooperation with U S efforts to topple the Taliban in Afghanistan after September 11 2001 and its offer of comprehensive negotiations with the United States in May 2003 Finally Mattair analyzes the current global debate about whether diplomacy sanctions or military action are appropriate responses to Iran s nuclear programs its role in Iraq and the Persian Gulf and its resistance to Israel

web dec 17 2013 here we propose a symplectic scheme for a class of canonical systems where the hamiltonian is separable that is  $h(q, p) = v(q) + \frac{1}{2} p^2$  as is frequently encountered with dynamical systems typically  $\frac{1}{2} p^2$  corresponds to the kinetic energy

web feb 9 2019 the leap frog scheme is given by  $u_{k+1} = u_k + \Delta t \alpha u_k$  where  $\alpha = \frac{\Delta t}{\Delta x}$

$\alpha \Delta t \Delta x$  when we discretize our domain say in the interval  $x \in [0, 3] \times [0, 3]$  we observe that  $u_0^k$
