management and the authority for a growing global community of millions of project professionals and individuals who use
project management skills PMI offers several certifications in the areas of project management risk management and other
related areas The Certified Associate in Project Management CAPM is one credential offered by the Project Management
Institute PMI The CAPM is an entry level certification for project practitioners Designed for those with less project
experience the CAPM is intended to demonstrate candidates understanding of the fundamental knowledge terminology and
processes of effective project management This certification is a popular prerequisite that helps employers find the
professionals most suited to fulfill specific roles in their organizations Most study guides just explain the contents of the exam
without providing tools to maximize learning The authors as authorized training partners with PMI translate the new 2023
examination content outline into what exam takers need to do and know in preparation for the exam It also provides them
with exercises and prep questions as a quick and easy check to ensure they are on the right path in preparation for the exam
