Remote Customer Service Jobs B N Maina,2024-03-15 Are you ready to embark on a rewarding career in remote customer care In the digital age the demand for skilled professionals who can provide exceptional customer service from anywhere in the world is soaring Whether you re seeking flexibility a better work life balance or the opportunity to work from the comfort of your own home this book is your ultimate roadmap to success in the remote customer care industry From mastering the art of virtual communication to leveraging the latest technology and tools Remote Customer Care Jobs equips you with the essential knowledge and skills to excel in this dynamic field Discover a list of companies offering remote customer service positions across the world proven strategies and skills for delivering to your customers resolving inquiries efficiently and exceeding expectations in the virtual environment Packed with actionable insights and real world examples this book addresses the most pressing questions and challenges faced by remote customer care professionals Learn how to navigate common issues such as managing time zones maintaining productivity and delivering exceptional service across

diverse digital platforms Whether you re a seasoned professional looking to transition to remote work or a newcomer eager to dive into the virtual customer service landscape Remote Customer Care Jobs is your indispensable companion for thriving in this rapidly evolving industry Unlock the potential of remote customer care and elevate your career to new heights with the guidance and expertise found within these pages [Excelling at Customer Service](#) Sorin Dumitrascu,2017-04 As the saying goes You can t create the house before you build the foundation That s why the first course in this customer service series focuses on building the foundation of excellent service The goals are to Explore the basic concept of corporate culture Recognise how culture directly impacts service Identify barriers to service excellence Strengthening your internal environment impacts your external customer service as well When workplace bonds grow so do customer relationships The result is better performance productivity and increased success If you think your goal in giving good customer service is satisfying the customer think again The slogan Satisfaction Guaranteed just isn t enough in today s highly competitive marketplace This course focuses on how the customer service game has changed and how you can become a much better player Today customer satisfaction is worth relatively little but customer loyalty is priceless And loyalty requires excellence This course will give you a new perspective on the meaning of service offer guidelines for setting service standards provide strategies for excellence from service stars Wal Mart founder Sam Walton said it best There is only one boss the customer And he can fire anybody in the company from the chairman on down simply by spending his money somewhere else Buying into the power of the customer is an important step to developing service excellence But how can you help your organization grow if the power base is elsewhere You ll learn to hear the customer s voice by Recognizing and anticipating customer expectations Focusing on the five primary service factors Another area of importance is how to collect information about the customer You don t have to be a secret agent like James Bond to gather intelligence on clients By completing this course you ll master methods of compiling customer data and feedback The final lesson in hearing your customer is creating compatibility Identify how to align your services with each customer and gain lasting commitment You ve worked so hard to achieve service excellence and now you are ready to pick up the pace to make you a service leader In this course advancing your service skills is the focus You ll put the phrase going above and beyond the call of duty into action There are four major components in this course to move you up a notch to a new level of customer service Think of them as ACTIONS you ll be incorporating into your daily work behaviors You ll be Setting the bar for over the top service Capturing customer commitment face to face Answering the call for great phone service Making e mail memorable How often do you wake up and say I hope all my customers are nice today That s because it is easy to be nice to nice customers The challenge is in providing service to customers who are not happy whatever the reason The only thing that can torpedo your day more than a confrontational customer is not knowing how to handle one Handle means to get to the root of the problem fix it and create good customers out of conflict situations In this course you ll explore How to create a confrontational customer How to

communicate with difficult customers Handling conflict and complaints face to face Handling conflict and complaints over the phone Rebuilding customer relationships during and after conflict There will be customers in your life that you politely refer to as problem customers One such customer consistently hurls challenges your way Another type is so aggressive that one situation alone is enough to earn him the distinction This course is designed to give you the skills to make problem customers some of your best Now that s not as crazy as it sounds Here s why If you have the ability to turn a difficult situation into a positive outcome that s memorable service

Customer Service in the Transhuman Age Vit

Horky,2018-11-12 There are over 14million customer service workers sitting at their desks right now picking up phones and responding to messages They are helping people like you and hundreds of millions of others every day when something gets broken or when something doesn t work However their jobs are in danger and yours could be too They could be largely replaced by computer automation With the rapid growth of Artificial Intelligence capabilities connected products and virtual reality we will see a change in the customer service industry in the upcoming decade thatwe haven t seen before Moreover in just about 30 years computers may reach and quickly surpass the general human intelligence And then what This book is for everyone who is curious about these developments and how it will affect everyone s job Customer Service in the Transhuman Age We ll soon be celebrating the arrival of the 21st year of the 21st century and technology plays a larger role in our lives than ever In the upcoming decades humans will gain abilities previously associated only with gods or in other words they will become transhuman As a result companies will need to fundamentally change their approach to customer service in order to develop new revenue opportunities and strengthen market position Customer Service in the Transhuman Age explores the development of transhumanism and how it could improve the way we do customer service You ll find practical advice for moving customer service into the future starting today Along with speculation about what remain unknown possibilities for digital customer service you ll find plenty of key learnings and step by step improvements that come from the author s decade of experience in the industry A Book for Customer Service Professionals Customer Service in the Transhuman Age is written for customer service professionals as well as for passionate experts and managers across large and small companies CEOs and managers may get inspired by the numerous use cases and new business opportunities Customer service customer experience and IT professionals may put specific use cases into practice through practical checklists and step by step guides Last but not least this book is written for people who are both excited and a little scared about how technology will change the world for us and future generations and who seek to find out what we can do today to unleash the human potential around us As you read these chapters you ll explore the development of transhumanism and how it could improve the way we do customer service in the near future Practical guide for implementation The book includes a practical set of strategies and tactics helping every organization to utilize currently available technologies for modernization and successful digital transformation of a contact center Among many you will find practical use cases of using real time chatbots intelligent

advisors or video chat that both improve customer service efficiency and helps to generate higher revenues Chapters 1 How Transhumanism Met Customer Service 2 The Customer in Charge 3 The Companies Breaking from the Past 4 Will Machines Take Your Job 5 The New and Liberated Agent 6 The Challenges 7 The Vision of What s Coming 8 The Implementation Guide
