Artificial Intelligence in Clinical Practice Chayakrit Krittanawong, 2023-09-13 Artificial Intelligence in Clinical Practice How AI Technologies Impact Medical Research and Clinics compiles current research on Artificial Intelligence within medical subspecialties helping practitioners with diagnosis clinical decision making disease prediction prevention and the facilitation of precision medicine The book defines the basic concepts of big data and AI in medicine and highlights current applications challenges ethical issues and biases Each chapter discusses AI applied to a specific medical subspecialty including primary care preventive medicine general internal medicine radiology pathology infectious disease gastroenterology cardiology hematology oncology dermatology ophthalmology mental health neurology pulmonary critical care rheumatology surgery and OB GYN This is a valuable resource for clinicians students researchers and members of medical and biomedical fields who are interested in learning more about artificial intelligence technologies and their applications in medicine Provides the history and overview of the various modalities of AI and their applications within each field of medicine Discusses current AI based medical research including landmark trials within each field of medicine Addresses the current knowledge gaps that clinicians commonly face that prevent the application of AI based research to clinical practice Encompasses examples of specific cases and discusses challenges and biases associated with AI *The Impact of Artificial Intelligence in Radiology* Adam E. M. Eltorai, H. Henry Guo, 2024-12-27 Implementation of artificial intelligence AI in radiology is an important topic of discussion Advances in AI which encompass machine learning artificial neural networks and deep learning are increasingly being applied to diagnostic imaging While some posit radiologists are irreplaceable certain AI proponents have proposed to stop training radiologists now By compiling perspectives from experts from various backgrounds this book explores the current state of AI efforts in radiology along with the clinical financial technological and societal perspectives on the role and expected impact of AI in radiology **Variety's Complete Home Video Directory**, 1988 *AI, Pandemic and Healthcare* Nuoya Chen, 2024-02-13 The demand for telehealth solutions has been growing exponentially after the Covid 19 pandemic Hospitals remain understaffed which leads to staff burnouts and unsatisfactory patient experience They also find it difficult to use AI to reduce the workload for doctors and nurses Doctors barely use data collected from wearables and home use medical devices to make diagnosis As generative AI advances traditional medical device manufacturers are exploring with open innovation to transform into a software based business model facing competition from large tech companies and startups This book shares the perspectives from different stakeholders around the challenges of the use of AI in healthcare **Unseen** Cathy Hird, 2023-02-10 In the Toronto of the future an AI called Monitor oversees all the city's infrastructure Coordinating public transit and self driving cars gridlock is a thing of the past along with surprises with city electrical and water systems The system is foolproof and impenetrable or so it is believed The first intrusion into Monitor is innocuous enough some graffiti that fools auto pilots into stopping traffic

However when a hacker interferes with water main monitoring lives are put at risk Suddenly people start questioning the wisdom of leaving such essential systems in the hands of an AI that can be corrupted Miles Franklin is the manager of tech support at Monitor Central but his true advantage is his connection to the Gifted people with heightened senses His own ability to sense electrical pulses is joined by empaths and someone who can see the outcomes of decisions yet to be made Another s affinity with plants clues the Gifted community in to a threat to the sole remaining corner of Toronto s once grand High Park and it seems like the events are connected It s going to take all the skills the Gifted have to prevent chaos and the destruction of the greenery they hold so dear
