Handbook of Technology Application in Tourism in Asia Azizul Hassan, 2022-07-09 It is an undisputed reality that the tourism industry in Asia is getting exposed to more innovative technologies than ever before This proposed book provides the latest research in the application of innovative technology to the tourism industry covering the perspectives innovativeness theories issues complexities opportunities and challenges This book a blend of comprehensive and extensive effort by the contributors and editors is designed to cover the application and practice of technology in tourism including the relevant niches This book focuses on the importance of technology in tourism

This also highlights in a comprehensive manner specific technologies that are impacting the tourism industry in Asia as well as the constraints the industry is facing. The contents of this book deal with distinct topics such as mobile computing, new product designs, innovative technology usages in tourism promotion, technology driven sustainable tourism development, location based apps, mobility, accessibility and so on. A good number of research studies have conducted outlining the contributions and importance of technologies in tourism in general. However, the tourism industry of Asia so far has attracted very few researchers. Some contributions have been made but not sufficient. Considering the ongoing trend of technology application in the tourism industry in Asia, very few research attempts have been made aiming to explore diverse aspects. Tourism is expanding enormously across the world which actually creates more demands for effective technologies. This book will be a reading companion especially for tourism students in higher academic institutions. This book will also be read by the relevant policy planners and industry professionals. Apart from them, this book will be appreciated by expatriate researchers and researchers having keen interest in the Asian tourism industry.

Mountain Resort Marketing and Management Armelle Solelhac, 2021-08-25 Mountain resort tourism is a competitive environment experiencing increasing growth in new markets such as China that require the knowledge and skills developed by mature markets. This book provides these insights by offering a critical and up to date examination of the mountain industry. This book covers branding, management and revenue optimization in an industry where very heavy investments are requested and mature markets need to ensure they remain competitive. Chapters include interviews with professionals and international experts on mature markets to shed light on the development and marketing strategies that make these resorts successful. Major issues facing mountain resorts today are addressed including climate change, sustainability, COVID 19, the experience economy, yield management and dynamic pricing policies and investment management. Offering valuable knowledge on how to successfully market and manage ski resorts in an ever changing and competitive environment, this will be useful reading for upper level students, researchers and current practitioners in winter sports destination development and management, sport tourism and development studies.
