Dysfunctional President Understanding The Compulsions Of Bill Clinton:

The Dysfunctional President Paul M. Gartner,2008-09-16 What makes Bill Clinton tick William Jefferson Clinton the 42nd President of the United States is undoubtedly the greatest American enigma of our age a dark horse that captured the White House fell from grace and was resurrected as an elder statesman whose popularity rises and falls based on the day s sound bytes John Gartner s In Search of Bill Clinton unravels the mystery at the heart of Clinton s complex nature and why so many people fall under his spell He tells the story we all thought we knew from the fresh viewpoint of a psychologist as he questions the well crafted Clinton life story Gartner a therapist with an expertise in treating individuals with hypomanic temperaments saw in Clinton the energy creativity and charisma that leads a hypomanic individual to success as well as the problems with impulse control and judgment which frequently result in disastrous decision making He knew though that if he wanted to find the real Bill Clinton he couldn t rely on armchair psychology to provide the answer He knew he had to travel to Arkansas and around the world to talk with those who knew Clinton and his family intimately With his boots on the ground Gartner uncovers long held secrets about Clinton s mother the ambitious and seductive Virginia Kelley her wild life in Hot Springs and the ghostly specter of his biological father Bill Blythe to uncover the truth surrounding Clinton s rumor filled birth He considers the abusive influence of Clinton s alcoholic stepfather Roger Clinton to understand the repeated public abuse he invited both by challenging a hostile Republican Congress and engaging in the clandestine affair with Monica Lewinsky that led to his downfall Of course there is no marriage more dissected than that of the Clintons both in the White House and on the Hillary Clinton presidential campaign trail Instead of going down familiar paths Gartner looks at that relationship with a new focus and clearly sees in Hillary s molding of Clinton into a more disciplined politician the figure of Bill Clinton s stern grandmother Edith Cassidy the woman who set limits on him at an early age Gartner brings Clinton s story up to date as he travels to Ireland the scene of one of Clinton s greatest diplomatic triumphs and to Africa where his work with AIDS victims is unmatched to understand Clinton s current humanitarian persona and to find out why he is beloved in so much of the world while still scorned by many at home John

Gartner's exhaustive trip around the globe provides the richest portrait of Clinton yet a man who is one of our national obsessions *In Search of Bill Clinton* is a surprising and compelling book about a man we all thought we knew
