In addition to discussing history and professional development, *Global Perspectives of Occupational Social Work* reveals the way professionals like you handle the same situations you face every day, including the shift toward privatization, corporate restructuring and downsizing, developing alcohol and substance abuse interventions, creating employee assistance programs, racism and sexism in the workplace, HIV/AIDS and other health problems, workplace violence. Covering Australia, India, Germany, Ireland, South Africa, Israel and the US, *Global Perspectives of Occupational Social Work* is a major contribution to the professional literature. Not only will this book increase international awareness, it may supply you with unique perspectives and fresh strategies for solving the problems your colleagues in Jerusalem and Pretoria also face. **Employee Assistance Programs in Higher Education** R Paul Maiden, Sally B Philips, 2022-05-29 Understand the challenges faced by university-based EAPs and the strategies to effectively meet needs and discover what works and what does not.
