Walkabout explicitly aimed to make its readers feel at home in their country as well as including a diverse picture of Aboriginal and Pacific cultures. Given its wide availability and distribution together with its accessible and entertaining content, Walkabout changed how Australia was perceived and the magazine is recalled with nostalgic fondness by most if not all of its former readers. Drawing on interdisciplinary scholarship, *Travelling Home* engages with key questions in literary, cultural, and Australian studies about national identity and modernity. The book's diverse topics demonstrate how Walkabout canvassed subtle and shifting fields of representation; as a result, this analysis produces complex and nuanced readings of Australian literary and cultural history.

Australian Literature to 1900 B. G. Andrews, William Henry Wilde, 1980. Lists sources by topic and author.

Made in Australia Alexandra Towle, 1986. *Historical Dictionary of Australian and New Zealand Cinema* Karina Aveyard, Albert Moran, Errol Vieth, 2017-12-26. Filmmakers have honed their skills and many have achieved critical and popular success at home and abroad as have actors and other crew. American filmmakers and companies have found it cheaper to make films in Australia because wages and salaries are lower, tax rebates have been attractive, and the expertise in most areas of filmmaking is comparable to that of anywhere in the world. At the same time, Australian audiences still enjoy watching Australian films, making some of them profitable even if this is a small profit when considered in Hollywood terms. New Zealand filmmakers, cast, and crew have shown that they are equal to the world's best in making films with international themes, while other films have shown that the world is interested in New Zealand narratives and settings. Increased support for Maori filmmakers and stories has had a significant impact on production levels and on the diversity of stories that now reach the screen. It has also helped create more viable career paths for those who continue to be based in their home country. This second edition of *Historical Dictionary of Australian and New Zealand Cinema* contains a chronology, an introduction, and an extensive bibliography. The dictionary section has over 700 cross-referenced entries on leading films as well as many directors, writers, actors, and producers. It also covers early pioneers, film companies, genres, and government bodies.

Tim Winton Lyn McCredde, Nathanael O'Reilly, 2014-08-01. Why is it that Tim Winton, one of Australia's most popular and literary novelists, has received little sustained critical attention? This collection of essays examines the impact of Winton's work on our understanding of what it is to be Australian, to be human, to make and question meaning. His novels and short stories are vernacular and lyrical, optimistic and dark, holding up a peculiarly Wintonesque mirror through which Australians and international readers differently can see themselves refracted.

The Oxford Companion to Australian Film Brian McFarlane, Geoff Mayer, Ina Bertrand, 1999. The *Oxford Companion to Australian Film* is an indispensable reference for anyone interested in Australian movies. History Of Australia (Volumes 5 & 6) Manning Clark, 1999-09-13 Manning Clark's six volume history is one of the masterpieces of Australian writing It is also one of the most passionately debated visions of Australian history in which the struggle to realise an Australian nation is played out on an epic scale A History of Australia 1888 1945 covers Federation the Boer War and World War I's Gallipoli It finishes with the story of an emerging Australian identity at the point of its greatest trial the outbreak of World War II This is not a general Australian history it does not attempt to cover all aspects and it is not a definitive or quantitative analysis It is a work of art a living and breathing account of the remaking of a primitive continent history come alive
