Cyber Threat David McMahon, 2000 The relative newness of the Internet has led many users to drop all of the precautions they would normally take in the real world Would you send money offshore to someone you don't know Buy a genuine Rolex from a guy on a street corner Provide total strangers with intimate details of your life Allow your child to wander alone in the seedier areas downtown Not very likely Yet otherwise intelligent and cautious people do these kinds of things all the time on the Internet

Handbook of Risk and Crisis Communication Robert L. Heath, H. Dan O'Hair, 2010-09-28 This handbook features a line of analysis that connects crisis risk and public policy issues into a coherent fabric Each chapter represents the best available research in these areas with insightful notions of where current research and best practices should move in the future
