Reading the Modern British and Irish Novel 1890 - 1930 Daniel R. Schwarz, 2008-04-15 Daniel R Schwarz has studied and taught the modern British novel for decades and now brings his impressive erudition and critical acuity to this insightful study of the major authors and novels of the first half of the twentieth century An insightful study of British fiction in the first half of the twentieth century Draws on the author's decades of experience researching and teaching the modern British novel Sets the modern British novel in its intellectual cultural and literary contexts Features close readings of Hardy's *Jude the Obscure* Conrad's *Heart of Darkness* and Lord Jim Lawrence's *Sons and Lovers* and *The Rainbow* Joyce's *Dubliners* and *Ulysses* Woolf's *Mrs Dalloway* and *To the Lighthouse* and Forster's *A Passage to India* Shows how these novels are essential components in a modernist cultural tradition which includes the visual arts Takes account of recent developments in theory and cultural studies Written in an engaging style avoiding jargon **The Transformation of the English Novel,**

**1890-1930** Daniel R. Schwarz, 1989-06-18 Focusing on the work of Hardy Lawrence Conrad Joyce Forster and Woolf this study is divided into two sections the first shows how historical and contextual material is essential for developing powerful readings the second discusses how new theory has transformed the way we read and think *The Consciousness of D.H. Lawrence* Daniel J. Schneider, 1986 This biography of Lawrence is unlike any other in its focus on the essential character of the artist and in its synthesis of the facts of his life and thought It is written not for specialists but for general readers who wish to deepen their understanding of the development of Lawrence's thought and feeling over the course of his lifetime The author blends intellectual biography and psychology to focus on Lawrence's religious nature as a shaping force in his life

*D.H. Lawrence and the New World* David Cavitch, 1969 Multicultural Writers from Antiquity to 1945 Alba Amoia, Bettina L. Knapp, 2001-10-30 The final decades of the 20th century have seen an explosion of interest in multiculturalism But multiculturalism is more than an awareness of the different cultures comprising contemporary societies For centuries people from around the world have come in contact with cultures other than their own and their exposure to multiple cultures has fostered their creativity and ability to make lasting contributions to civilization The effects of multiculturalism are especially apparent in literature since writers tend to be particularly aware of their environments and record their experiences This reference includes alphabetically arranged entries for more than 100 world writers from antiquity to 1945 who were significantly influenced by cultures other than their own Included are entries for major canonical Ancient and Modern writers of the Western and Eastern worlds Each entry is written by an expert contributor and includes a brief biography a discussion of multicultural themes and contexts a summary of the writer's critical reception and primary and secondary bibliographies By illuminating the shaping influence of multiculturalism on these writers the volume points to the lasting value of multiculturalism in the contemporary world **The American Lawrence** Lee M. Jenkins, 2021-01-18 Reassessing Lawrence's relationship to American modernism and his American literary contemporaries Jenkins offers new

insights into the literary exchange between America and Europe      **The Moon's Dominion** Gavriel Reisner,1981 Posits a causal relationship between two themes in Lawrence s fiction usually thought to be unrelated the dominance of women and the conflict between the tale and the teller The connection is revealed in the course of a systematic analysis of the tale teller division in Lawrence s earlier novels      **Rhetoric Of The Unselfconscious In D H L** Nakabayashi, Masami,2011-10-16 In this study of the Lady Chatterley novels Masami Nakabayashi pays particular attention to D H Lawrence s language for the feelings and for the life of the unselfconscious sexual body The novels constantly find ways of verbalising the characters internalised experiences as they occur in states of unselfconsciousness Lawrence s language for sensual feelings and emotions has always been regarded as simply sexual and no previous critics have explored or made sense of the complexities of his peculiar but extremely sophisticated writing practice in the Lady Chatterley novels Lawrence was a habitual reviser of his work and despite the availability of reliable texts in the Cambridge edition few critics have traced the nature and significance of his changes from one draft to the next By examining and analysing the novels particular linguistic revisions Masami Nakabayashi reveals the textual impulse behind Lawrence s original conception and its subsequent change and development      D.H. Lawrence and the Literature of Travel Billy Tobin Tracy,1983      D. H. Lawrence Jill M. Phillips,1978

*Living at the Edge : a Biography of D.H. Lawrence and Frieda Von Richthofen* Michael Squires,Lynn K. Talbot,Lynn Kiefer Talbot,2002 Dashingly told and meticulously researched this double biography of D H Lawrence and his wife Frieda von Richthofen is the first to draw fully on Frieda s unpublished letters and on interviews with people who knew her well It explores their collision with an industrial world they hated and chronicles the stormy relationship between husband and wife The strong sexual vitality that inspired Lawrence s art brought both joy and anguish to his marriage Here the Lawrences emerge as proud but not conceited in their unconventional lives staunch in the face of fierce opposition from a conformist society *Living at the Edge* follows the separate lives of Lawrence and Frieda up to their first meeting in 1912 Tracing their new life together it depicts their grateful escape from the English Midlands their discovery of exotic places where they made temporary homes Italy Cornwall Australia New Mexico and Mexico Lawrence s courageous battle against illness and after his death in 1930 Frieda s success in recreating the simple life on ranches near Taos New Mexico where she died in 1956 At the center of their story is Lawrence s literary career Biographers Squires and Talbot see Lawrence s major novels *The Rainbow* *Women in Love* *Lady Chatterley s Lover* as a fresh way to understand his turbulent and conflicted life They reveal the extreme care with which he rewrote his personal experience to satisfy his deepest needs and they introduce the many influential people who entered the Lawrences lives and work The rich materials from Frieda s letters reveal a different Lawrence more difficult as a man but more interesting as an artist they also reveal a different Frieda more vibrant as a woman more substantial as a companion This superb biography gives both Lawrence and Frieda striking new dimensions

(Great Britain), 1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index *The Short Fiction of D.H. Lawrence* Janice Hubbard Harris, 1984 The Publishers Weekly, 1972 *Studies in Classic American Literature*, 1998 **Scholarly Books in America**, 1970 Beyond Feminism Cornelius F. Murphy, 1995 The discussion in this study of the relations between men and women is launched from a crucial premise that the struggle for equal rights for women has reached a point where collaboration rather than confrontation between the sexes is necessary for continued progress In order to attain true equality women and men must recognize their legitimate differences and act together under circumstances in which their distinctive contributions are freely and reciprocally acknowledged Reflecting on these differences in a series of interwoven essays Cornelius F Murphy seeks to open a constructive dialogue between the sexes Reconciliation is his overarching concern Recent books such as Robert Bly's *Iron John* and Sam Keen's *Fire in the Belly* have explored the influence of distinctive masculine qualities on men's attitudes toward the meaning and purpose of their lives And many feminists while struggling to overcome sexual discrimination also have insisted upon the recognition of important differences between the sexes Neither sex it seems is satisfied with an androgynous conception of what it means to be fully human Murphy begins his study with an exploration of sexual oppression through the ages and its effects on both sexes He discusses subtle and fundamental differences between masculine and feminine disposition reasoning and ways of knowing He addresses the distinctions that traditionally have been drawn between public and private life and efforts of modern women to overcome them It is suggested that uncomplimentary though fact based assessments of the masculine record in history together with prevailing stereotypes of men leave an incomplete picture of male identity and contribute to mistrust between the sexes In response Murphy investigates various ways of imagining a more elevated manhood He extends his analysis to the subject of equality within the home the opportunities and demands of married love and the tensions and joys of procreation As the first full length interdisciplinary study to attempt a reasoned reconciliation of the aspirations of feminism with those of a renewed ideal of manhood *Beyond Feminism* will appeal to scholars and students in philosophy theology women's and gender studies ethics political theory and law Cornelius F Murphy Jr is professor of law at Duquesne University He has written extensively in the fields of jurisprudence legal process and public international law The Novels of D.
