Understanding Sublimation in Freudian Theory and Modernist Writing Luke Thurston, 2024-07-03 What is at stake in Freud's enduring preoccupation with a process supposedly diverting sexuality into cultural activity In this study a leading scholar of psychoanalysis and literature reopens the old question of sublimation in a critical reading that explores one of the last remaining puzzles of Freudian thought Using the rigorous framework provided by Jean Laplanche Luke Thurston resituates sublimation as an unfinished Freudian concept bound up with a much wider history of philosophical and literary reflection Exploring the misunderstanding and reinvention of sublimation both in accounts of cultural history and in Lacan's celebrated reading of Antigone Thurston challenges some of the prevalent assumptions still seen in contemporary theory Thurston links his critical investigation of psychoanalysis to modernist literature discovering both parallels and alternatives to Freud's idea of sublimation in little known works by May Sinclair and David Jones The study concludes by arguing that these modernist artists both of whom were significantly affected by trauma during the First World War produced work radically at odds with the established canons of representation and that this anti hermeneutic art can be linked to a Copernican sublimation a process not controlled by the ego but vitalizing it and decentring its habitual structure

Macbeth Nick Moschovakis, 2008-03-03 This volume offers a wealth of critical analysis supported with ample historical and bibliographical information about one of Shakespeare's most enduringly popular and globally influential plays Its eighteen new chapters represent a broad spectrum of current scholarly and interpretive approaches from historicist criticism to performance theory to cultural studies A substantial section addresses

early modern themes with attention to the protagonists and the discourses of politics class gender the emotions and the economy along with discussions of significant minor characters and less commonly examined textual passages Further chapters scrutinize Macbeth s performance adaptation and transformation across several media stage film text and hypertext in cultural settings ranging from early nineteenth century England to late twentieth century China The editor s extensive introduction surveys critical theatrical and cinematic interpretations from the late seventeenth century to the beginning of the twenty first while advancing a synthetic argument to explain the shifting relationship between two conflicting strains in the tragedy s reception Written to a level that will be both accessible to advanced undergraduates and at the same time useful to post graduates and specialists in the field this book will greatly enhance any study of Macbeth Contributors Rebecca Lemon Jonathan Baldo Rebecca Ann Bach Julie Barmazel Abraham Stoll Lois Feuer Stephen Deng Lisa Tomaszewski Lynne Bruckner Michael David Fox James Wells Laura Engel Stephen Buhler Bi qi Beatrice Lei Kim Fedderson and J Michael Richardson Bruno Lessard Pamela Mason *Memory and Forgetting in English Renaissance Drama* Garrett A.
