Doing Right Practicing Ethical Principles:

Doing Right David W. Gill, 2022-06-30 *Doing Right* is a careful thorough readable introduction to a Christian ethics based on the Decalogue. Following the implications of Jesus' double Love Commandment, ten chapter length studies show how each of the commandments guides our love for God, our love for our neighbors, our search for justice, righteousness, and our quest for life and freedom. As such, Christian ethics is not, despite first impressions, a catalog of 'thou shalt not's' but rather a roadmap for a lifelong adventure guided by ten words on life, freedom, love, and justice. *Doing Right* draws deeply on the best Jewish and Christian scholarship over the centuries and then follows the ten principles wherever they lead, even into the thorny controversies of the present time. *Doing Right* works as a stand alone study of the ethics of principles and practices but is also the companion to Gill's *Becoming Good* on the ethics of character and virtue. *Fundamental Christian Ethics* Daniel Heimbach, 2022-11-01 In *Fundamental Christian Ethics* Daniel Heimbach draws from decades of research and scholarship to introduce the field of Christian ethics in a comprehensive manner while showing how it dialogues with modern day ethical topics and issues. **Honorable in Business** Annetta Gibson, Daniel Augsburg, 2019-01-14 How can one be a Christian in the world of business, not just on the weekend? How can one be honorable in business? Through the integration of the Christian worldview and business ethics, this book provides Christians with a mental framework with which to answer these important questions. Beginning with Genesis as the foundation for the Christian's worldview and the Ten Commandments as the outline for the Christian's ethical obligations, the authors develop principles upon which ethical choices can be made even when working in a primarily non-Christian oriented business environment. The book is designed to be helpful both to those beginning their career in business and those already employed in business who struggle with how to engage in today's business environment while maintaining their commitment to God's vision for life to be both meaningful and honorable. Topics of business ethics such as employee rights, discrimination, technology, and privacy, insider trading, and accounting fraud, and the special challenges of working internationally are covered. The added value this book brings to these discussions lies in its serious consideration of the Christian worldview as foundational to ethical decision making in everyday areas of business. *Breaking Bread, Breaking Beats* CERCL Writing Collective, 2014 In this innovative project, ten individuals write as one voice to illuminate the ways that Hip Hop and the Black Church agree, disagree, and inform each other on key topics. This book grows out of the popular religion and Hip Hop course offered at Rice University by Dr. Anthony Pinn and Bernard Bun B. Freeman. Like the course, the book offers engaging insights into one of the most important musical genres and reflects on its broad cultural impact. *CFA Program Curriculum 2017 Level III, Volumes 1 - 6* CFA Institute, 2016-08-01 Apply CFA Program concepts and skills to real world wealth and portfolio management for the 2017 exam.
