Doing Internet Research Critical Issues And Methods For Examining The Net

Felicia Wu Song

Doing Internet Research Critical Issues And Methods For Examining The Net:

Doing Internet Research Steve Jones,1998-11-03 Whether or not one believes the hyperbolic claims about the Internet being the biggest thing since the invention of the wheel the Internet is a medium with great consequences for social and economic life Doing Internet Research is written to help people discern in what ways it has commanded the public imagination and the methodological issues that arise when one tries to study and understand the social processes occurring within the Internet Each contributor to the volume offers original responses in the search for and critique of methods with which to study the Internet and the social political economic artistic communicative phenomena occurring within and around it This book provides encouragement for readers getting started with Internet research and also provides perspective on this new and ubiquitous communication medium

Readings in Virtual Research Ethics Elizabeth A. Buchanan,2004-01-01 Provides an in depth look at the emerging field of online research and the corresponding ethical dilemmas Issues covered include autonomy justice and benevolence informed consent privacy ownership of data research with minors and respect for persons

Internet Studies Panayiota Tsatsou,2016-05-23 This book considers the lessons learnt so far from the emergence of the Internet and the development of the field of Internet studies whilst also considering possible directions for the future Examining broad media theories and emerging theorisations around the Internet specifically it explores the possibility of the development of an Internet theory in the future A comprehensive overview of the field Internet Studies considers key issues of social importance that the study of the Internet draws upon such as the role of the Internet in civic participation and democratisation the development of virtual communities digital divides and social inequality as well as Internet governance and policy control At the same time it examines the role of the Internet in social research and the development of highly interdisciplinary and rapidly developing Internet research Hence this volume maps key areas of certainty and uncertainty in the field of Internet studies and as such it will be of interest to scholars and students of media and communication sociology and social research methods

Towards Cyberpsychology Giuseppe Riva (Ph.D.),Carlo Galimberti,2001 Drawing on research in the social sciences communications and other fields this book wants to analyze how the online environment is influencing the experience of psychology However understanding how the Internet is changing our everyday experience presents a substantial challenge for the psychologists Now research in this area is still sparse and limited in both the number and scope of studies actual research especially studies with strict methodologies is only just beginning The contributions in this book are among the first scientific attempts to take a serious look at various aspects of Internet related psychology However we need not start from scratch Psychology has a broad knowledge about the factors that affect human behaviour in other setting So the papers collected for this book are descriptive and practical oriented in nature

Routledge International Handbook of Migration Studies Steven J. Gold,Stephanie J. Nawyn,2013-05-02 The current era is marked by an unparalleled level of human migration the consequence of both recent and long term political economic cultural social

demographic and technological developments Despite increased efforts to limit its size and consequences migration has wide ranging impacts upon social environmental economic political and cultural life in countries of origin and settlement Such transformations impact not only those who are migrating but those who are left behind as well as those who live in the areas where migrants settle The Handbook of Migration Studies offers a conceptual approach to the study of international migration exploring clearly the many modes of exit reception and incorporation which involve varied populations in disparate political economic social and cultural contexts How do these movements also facilitate the transmission of ideologies and identities political and cultural practices and economic resources Uniquely among texts in the subject area the Handbook also provides a section devoted to exploring methods for studying international migration Featuring forty seven essays written by leading international and multidisciplinary scholars the Routledge International Handbook of Migration Studies offers a contemporary integrated and comprehensive resource for students and scholars of sociology politics human geography law history urban planning journalism and health care

Doing Internet Research Steve Jones,1999 Doing Internet Research examines the ways in which the Internet has commanded the public imagination and discusses the methodological issues that arise when one tries to study and understand the social processes occurring within the Internet

Research Ethics and the Internet Heather A. Kitchin,2007 Confronting the complex challenges of the internet this guide helps web users navigate through issues of copyright privacy and the ethical use of materials It also analyzes contradictions between the federal Tri Council Policy Statement and university based research ethics boards offering a simple solution to policy makers who grapple with the morals of internet research

The Ethics of Internet Research Heidi A. McKee,James E. Porter,2009 Drawing from interviews with Internet researchers from across the globe who work in diverse disciplines and in a wide array of online venues this book examines ethical issues and questions that Internet researchers may encounter throughout the research process Although the ethics of Internet research are complex the aim of the book is to provide a rhetorical case based process to aid researchers in ethical decision making In doing so the book provides Internet researchers with useful resources and heuristics for engaging in ethical practices interactions and problem solving for their research

Communications ,2000 *Papers of the British Association for Korean Studies* ,2003

The Self and Online Politics Benjamin Gross,2010 **Roots, Rites and Sites of Resistance** Leonidas Cheliotis,2010-08-20 Which practices count as resistance Why where and how does resistance emerge When is resistance effective and when is it truly progressive In addressing these questions this book brings together novel theoretical and empirical perspectives from a diverse range of disciplinary and geographical locales

New Directions in Copyright Law Fiona Macmillan,2005 As one of the most flexible of the intellectual property rights copyright law is under constant pressure to adapt and expand in the face of new and sometimes unforeseen developments This text considers the purpose role function and future of the current copyright system

Qualitative Methods for Marketplace Research Shay

Sayre,2001-03-21 *Qualitative Methods for Marketplace Research* is the only text of its kind on the market today Designed especially for students and practitioners this book provides marketers communicators and researchers with the effective data collection and analysis techniques It explains how to use visual and verbal text as tools for understanding consumers and audiences in their natural environment as well as in controlled situations Borrowing techniques from anthropology sociology psychology and communication the book presents specific examples to illustrate how these techniques are adapted for marketplace research Studies conducted by renowned scholars and practitioners guide readers through all the nuances of qualitative methods needed to develop execute and analyze state of the art marketplace studies Essential for understanding text based consumption behavior this book is a must for anyone who will conduct marketplace research in the 21st century

Advocacy, Activism, and the Internet Steven Hick,John G. McNutt,2002 A guide to using the Internet for activism and advocacy by practitioners and researchers in social work They do not cover technical aspects of building a Web site but discuss such aspects as the role of technology in the emergence of the present economy current theory on the role of information a Developments in Marketing Science Academy of Marketing Science,2006 Vols for 1978 are the proceedings of the 2nd annual conference of the Academy of Marketing Science Multimedia Information & Technology ,1998 **MIS Quarterly** ,2007 **Virtual Communities** Felicia Wu Song,2009 Does contemporary Internet technology strengthen civic engagement and democratic practice The recent surge in online community participation has become a cultural phenomenon enmeshed in ongoing debates about the health of American civil society But observations about online communities often concentrate on ascertaining the true nature of community and democracy typically rehearsing familiar communitarian and liberal perspectives This book seeks to understand the technology on its own terms focusing on how the technological and organizational configurations of online communities frame our contemporary beliefs and assumptions about community and the individual It analyzes key structural features of thirty award winning online community websites to show that while the values of individual autonomy egalitarianism and freedom of speech dominate the discursive content of these communities the practical realities of online life are clearly marked by exclusivity and the demands of commercialization and corporate surveillance Promises of social empowerment are framed within consumer and therapeutic frameworks that undermine their democratic efficacy As a result online communities fail to revolutionize the civic landscape because they create cultures of membership that epitomize the commodification of community and public life altogether **Interpretive Interactionism** Norman K. Denzin,2001-10-10 The expanded and updated second edition includes information on how interpretive work can be used to further the workings of a free democratic society and new coverage of narratives and sacred places and new writing forms such as layered texts
