Mastering AI Tools and Techniques Ernest R. Tello, 1988 This book focuses on AI Artificial Intelligence as well as its impact on such practical areas as advanced user interfaces intelligent data management and knowledge acquisition In this pages you will learn What AI is and how to put AI to work for you Which AI tools currently exist how they work and what you can do with them The fundamentals of natural language and decision modeling systems How to develop an expert system Advanced AI concepts including truth maintenance planning systems understanding and machine learning AI programming and AI programming languages including LISP Prolog and Smaltalk Usability research for interpreter-centred technology: The case study of SmarTerp Francesca Maria Frittella, 2023-01-05 Technological advancement is reshaping the ways in which language interpreters operate This poses existential challenges to the profession but also offers new opportunities This books moves from the design of the computer assisted interpreting tool SmarTerp as a case study of

impact driven interpreting technology research It demonstrates how usability testing was used to achieve an interpreter centred design By contextualising the case study within the past and current developments of translation and interpreting technology research this book seeks to inform and inspire a redefinition of the conceptualisation of interpreting technology research not just as a tool to understand change but to drive it into a sustainable and human direction

Manuals for Penitents in Medieval England Krista A. Murchison, 2021 First comprehensive survey of a major genre of medieval English texts its purpose characteristics and reception The bestseller list of medieval England would have included many manuals for penitents works that could teach the public about the process of confession and explain the abstract concept of sin through familiar situations Among these bestselling works were the Manuel des p ch s commonly known through its English translation Handlyng Synne The Speculum Vitae and Chaucer s Parson s Tale This book is the first full length overview of this body of writing and its material and social contexts It shows that while manuals for penitents developed under the Church s control they also became a site of the Church s concern Manuals such as the Compileison which was addressed to a much broader audience than its English analogue Ancrene Wisse brought learning that had been controlled by the Church into the hands of layfolk and in so doing raised significant concerns over who should have access to knowledge Clerics worried that these manuals might accidentally teach people new sins remind them of old ones or become sites of prurient interest This finding and others explored in this book call for a new awareness of the complications and contradictions inherent in late medieval orthodoxy and reveal plainly that even writing that happened firmly within the Church s control could promote new and complex ways of thinking about religion and the self
