Making a Difference Rebecca Meehan, John Sharp, 2023-08-31 Making a Difference Careers in Health Informatics addresses everyday questions from people interested in working in health informatics Typically this includes people who work in health care computer and technology fields information science finance insurance and related areas The book aims to tell students about various jobs that exist in the health informatics field what credentials they need to qualify for those jobs and a brief description about what people in those roles tend to do every day As faculty members teaching in a Master of Science in Health Informatics program the authors say that they are fortunate to have eager bright and talented graduate students who are invested in related health informatics areas This could be their experiences in medicine nursing clinical care software engineering finance business library science data science or caregiving Common questions we hear from our students that may be similar to questions among readers include what jobs are out there what can I do with this degree or what does a health informatics specialist do This book aims to answer some of these questions with a look into a day in the life of people working in this field The book examines career options roles and skill sets important in health informatics across 6 related industries We want readers to realize that their skills and interests can apply in many areas of the field not exclusively hospitals This book highlights 6 unique work segments hospital systems long term care health IT consumer health organizations government consulting and payer insurance companies into which readers may look to expand their career opportunities The hope is that this book will provide insight into career opportunities students and professionals may be qualified for and interested in but simply not aware of Hiring managers and human resource professionals across the stakeholder groups across the stakeholder groups may also find the book helpful in learning about other roles that may benefit their organizations

Economic Challenges and Young Adults Magdalena Osińska, 2025-06-17 In recent years there has been an unprecedented shift in the attitudes of young individuals towards the key economic issues they encounter as they embark on their adult lives Sociologists have identified two distinct generations namely Generation Y

and Generation Z which exhibit behaviours contrary to those of their parents and older generations The reasons behind these shifts are shared across European countries where these generations have experienced lives characterized by peace cultural diversity globalization economic stability relative economic and social well being as well as parental care and education Addressing a gap in the economic literature this book uniquely bridges the current understanding of youth with empirical evidence specific to Central and Eastern European Countries represented by Poland and Czechia Germany was taken as an example of a Western European Country The novelty lies in identifying the contemporary trends and determinants shaping the decision making process of young adults regarding the labour market savings and investments job satisfaction retirement and sustainable consumption The book draws on a theoretical foundation from both economic and sociological perspectives The book comprises ten interconnected chapters each contributing to the central theme of youth intentions and attitudes toward economic financial issues The summary is presented from the perspective of contemporary megatrends The target audience includes students and researchers in fields related to contemporary economic challenges such as economics psychology and sociology Given the challenges faced by young adults from post socialist states implementing the policy recommendations in the book may contribute to reducing the gap between them and their counterparts in Western European countries Institutions involved in social policy including both non governmental organizations and public entities will also find the policy implications to be of interest

Management Christopher P. Neck, Jeffery D. Houghton, Emma L. Murray, 2025-01-07 Management Fourth Edition introduces students to the planning organizing leading and controlling functions of management with an emphasis on how managers can cultivate an entrepreneurial mindset The text includes 34 cases profiling a wide range of companies including The Progressive Corporation Catch Release and Sephora Authors Christopher P Neck Jeffery D Houghton and Emma L Murray use a variety of examples applications and insights from real world managers to help students develop the knowledge mindset and skills they need to succeed in today s fast paced dynamic workplace
