**Love by the Prompt: A Romance Writer's Guide to AI-Powered Writing** Rachelle Ayala, Romance writers take your romance writing to the next level with Artificial Intelligence and this guide from a USA Today Bestselling romance author of over 80 romance novels Hi I'm author Rachelle Ayala a prolific author and writing coach with my Romance In A Month method and I'm here to lead you through the wonderful world of AI Artificial Intelligence I'll show you the importance of prompting and how to use detailed and guided prompts to leverage ChatGPT OpenAI Playground and Sudowrite to give you powerful results I'll explain the upsides and drawbacks of AI programs and provide advice on how to maximize their capabilities Need assistance brainstorming With a few simple one line prompts I show you how to literally generate an unlimited number of unusual couple pairings with unique premises in any trope or sub genre you want Then I'll guide you through the steps necessary to add conflict and setting layer in extra information and even incorporate a subplot for intensified romantic tension After settling on a concept or storyline I

I'll explain how to develop a comprehensive outline. Then I'll give instructions on turning this outline into chapters and making ChatGPT, OpenAI Playground or Sudowrite write the actual scenes in a brief period of time. Discovery writers or pantsers won't miss out either. I'll share methods to receive AI-generated suggestions, imagine new directions or take an existing scene and reshape it with fresh ideas, imaginative twists and creative expansions. You'll be amazed how I take a single paragraph of an opening scene and iteratively operate on it to transform the AI-created first draft into a coherent and engaging chapter. I also managed to get ChatGPT to write out a complete 14000 word novelette from an outline of 21 chapters. It stayed consistent and logical and followed the story arc. From there a writer could either manually fill in the gaps and enhance the story or feed it into Sudowrite for expansion, revision, tone shifts, adding detail or enhancing emotions. INCLUDES REAL EXAMPLES. I've retained all the original output from ChatGPT, OpenAI Playground and Sudowrite while holding your hand through prompt after prompt, explaining why I modified a prompt or reacting to the responses I got. I show you how to ask the AI tools to layer in more details, conflict and twists and even to ask ChatGPT how best to prompt it for the desired response. CATALOG OF TESTED PROMPTS. A long list of prompts is included to help you get on the ground and running. From there you can tweak and change my prompts to suit your own story ideas, tropes and genres. Everything is geared toward writing romance, including character development, plot points and creating contrasting and compatible heroes and heroines.
