Library,1979 **Public Investment and Regional Economic Development** Daniel Felsenstein,Ronald McQuaid,Philip McCann,Daniel Shefer,2001-01-01 Public Investment and Regional Economic Development is a very interesting and stimulating reading for policymakers and anyone doing research in this area Adelheid Holl Environment and Planning C Government and Planning The relationship between public investment and regional economic development is of perennial interest and is particularly topical now as issues of infrastructure and innovation are high on policy agendas in many countries Public investment is often viewed as a possible method for jump starting lagging regional economies and also as a requirement for the continued development of more prosperous regions Public Investment and Regional Economic Development provides a systematic analysis of the complex relationship between public investment and regional economic development The authors offer new insights into the key issues of regional growth and present a broad variety of perspectives ranging from transport and housing infrastructure through to human capital and innovation Handbook of Research on Strategic Human Capital Resources Anthony J. Nyberg,Thomas P. Moliterno,2019-12-27 Strategic human capital resources are a relatively new construct with a scholarly literature that is still evolving Work in this area requires the integration of multiple theoretical perspectives and empirical approaches but that integration rarely occurs Within these pages the editors have combined the voices of leading scholars from a wide range of disciplinary backgrounds to provide a comprehensive introduction to the current state of the field

Challenges in Social Network Research Giancarlo Ragozini,Maria Prosperina Vitale,2019-12-06 The book includes both invited and contributed chapters dealing with advanced methods and theoretical development for the analysis of social networks and applications in numerous disciplines Some authors explore new trends related to network measures multilevel networks and clustering on networks while other contributions deepen the relationship among statistical methods for data mining and social network analysis Along with the new methodological developments the book offers interesting applications to a wide set of fields ranging from the organizational and economic studies collaboration and innovation to the less usual field of poetry In addition the case studies are related to local context showing how the substantive reasoning is fundamental in social network analysis The list of authors includes both top scholars in the field of social networks and promising young researchers All chapters passed a double blind review process followed by the guest editors This edited volume will appeal to students researchers and professionals *The American Journal of Sociology* ,2003 *1977 Annual Supplement* George W.
