Chakra And The Human Energy Fields:

The Chakras and the Human Energy Fields Shafica Karagulla, Dora van Gelder Kunz, 1989-04-01 A presentation of experimental evidence that illness can be seen in the subtle energy fields of the body Fascinating case studies of actual patients show that clairvoyant observation can diagnose disease and even reveal potential illness before it manifests in physical symptoms The key to health and disease lies in the dynamic interaction between the body's physical emotional and mental fields and universal energy fields Understanding this interaction can help us alter our energy patterns in the direction of better health Includes a full color foldout diagram of the chakra system **The Human Energy Field — Chakras** Cathy Chapman, Chakras spin take in energy and release energy They react to what happens in your life They react to your thoughts and emotions They react to the actions you take You might have a thought that goes through your mind such as Oh how terrible that I forgot this Your third chakra reacts to that You might have a thought that says I wish I had said this or done that Your second chakra reacts to that Focused intention occurs when you are in your heart source You might think you only focus intention with your mind but when you are in your heart source your chakras align From your heart source you connect with the heart chakra and the third eye through that beam of energy because that beam of energy goes all the way up and all the way down all your chakras connect Your chakras work to keep you in balance as you perform your intention The beam of energy activates all the chakras so that they come into alignment and balance with each other If you have a thought while you're in your heart source let's say you think about what happened yesterday and how you're going to handle things in the future that energy moves throughout your chakras up and down your pranic tube They come into balance The heart source keeps all your chakras in balance Take what you need from this book and use it to facilitate healing for yourself and for others However you use this information do it from your heart *The Human Energy Field — Auras* Cathy Chapman, 2019-08-20 We are Amma's Healing Friends Amiya and we are here for healing Your self healing is the goal We will give you information that you can use to heal yourself Every time you go to someone for healing and say Okay you do it to me that is not participating in self healing However when you go to another and actively participate in that healing you are self healing because you open your heart mind and spirit to receive the energy to receive the energy and then bring balance within you As you go through this book your job is to open your mind heart and spirit your self and lay yourself open Then the healing energy sent to you balances to your highest good The purpose of this message is to let you know that it is crucial for you to participate in your self healing when you go to someone else and it is critical for you to do self healing with yourself as the healing facilitator It is also important for you to know that encodements are the tiniest essence of All That Is or the I Am presence whatever name you wish to use Encodements are the building blocks of everything you see Finally know that you are love **Auras, Chakras, and Energy Fields** Sylvia Lavey, 2007-05-17 Auras Chakras and Energy Fields What They Are To You and How Your Angels and Guides Work Through Them is a quick read British vs American spelling grammar and

punctuation are used in this book Physical mental emotional and spiritual health are all reflected in your aura The colors that you wear most of the time can alter the colors in your aura Wearing bright colors that are the same colors as your chakras is healthful to your chakras and to your aura Colors reflected onto the physical body can help to strengthen your aura Like those that are reflected by the sunlight through stained glass windows in a church synagogue or temple Your aura and chakras are subtle energies that your angels and guides work through to help you and to guide you on many different levels Eating foods that are the color of certain chakras will help to strengthen that chakra and your aura This is Sylvia Lavey's second book Her first book Synchronicity was published in November 2006 and her third book Angels was published in October 2008

Achieving the Mind-body-spirit Connection Brian Luke Seaward, 2005 Optimal health requires the integration balance and harmony of mind body spirit and emotions From comic relief and hatha yoga to guided mental imagery and music therapy this workbook contains more than 70 exercises that serve to integrate mind body and spirit as one dynamic force that can withstand the pressures of stress

The Human Energy Field — Hidden Structures Cathy Chapman, 2020-06-18 In Western medicine health care practitioners learn physical anatomy There is another anatomy just as important the energetic anatomy If you have read the previous books in this series you not only learned about your spiritual anatomy some of which had never been revealed at least I'd never heard about it but also how to heal these aspects of yourself Just by reading the healing experiences you receive the healing In this book you will learn about structures you might have heard of but know little about such as the minor chakras the hara line the core star and so forth You also will learn about structures you never knew about such as the heart's healing center In every case you are taught how to bring healing and clarity to these structures Things have happened to you in this amazing life of yours that hide the love you are When things happen there is damage to your energy field A damaged energy field will result in damage to any of your bodies emotional mental spiritual and physical Because every aspect of you is part of an integrated whole when one part is damaged then all parts are affected in some way Read this book with an open heart Set your intention for healing Know that as you read with an open heart you are being healed Often the layers are many Every time you ask you are healed Even small healings have a powerful impact on you your life and those around you Each time you are healed that healing releases from you an energy that might have been triggered by another resulting in another person being wounded Your healing prevents a deep wound from moving across the planet which prevents someone else from being wounded which prevents another person from being wounded and on and on When you repair even the smallest part of your energy field you raise your vibration and life is easier
