**The Challenge of War** Guy Hartcup,1970      **Britain's War Machine** David Edgerton,2011-09-09 The familiar Britain in the Second World War is that of the plucky underdog taking on German might David Edgerton s bold compelling new history shows the conflict in a new light with Britain as a very wealthy country formidable in arms powerful in production and ruthless in pursuit of its interests      **A Guide to British Military History** Ian F. W. Beckett,2016-06-30 What exactly is military history Forty years ago it meant battles campaigns great commanders drums and trumpets It was largely the preserve of military professionals and was used to support national history and nationalism Now though the study of war has been transformed by the war and society approach by the examination of identity memory and gender and a less Euro centric and more global perspective Generally it is recognised that war and conflict must be integrated into the wider narrative of historical development and this is why Ian Becketts research guide is such a useful tool for anyone working in this growing field It introduces students to all the key debates issues and resources While European and global perspectives are not neglected there is an emphasis on the British experience of war since 1500 This survey of British military history will be essential reading and reference for anyone who has a professional or amateur interest in the subject and it will be a valuable introduction for newcomers to it      **The Challenge of War** Guy Hartcup,1970      *The History of Imperial College London, 1907-2007* Hannah Gay,2007 This is the first major history of Imperial College London The book tells the story of a new type of institution that came into being in 1907 with the federation of three older colleges Imperial College was founded by the state for advanced university level training in science and technology and for the promotion of research in support of industry throughout the British Empire True to its name the college built a wide number of Imperial links and was an outward looking institution from the start Today in the post colonial world it retains its outward looking stance both in its many international research connections and with staff and students from around the world Connections to industry and the state remain important The College is one of BritainOCOs premier research and teaching institutions including now medicine alongside science and engineering This book is an in depth study of Imperial College it covers both governance and academic activity within the larger context of political economic and socio cultural life in twentieth century Britain      **Churchill's American Arsenal** Larrie D.
