Resilience of Educators in

Extraordinary Circumstances: War, Disaster, and Emergencies Sengupta, Enakshi, Arnthorsson, Arni Thor, 2024-05-06

In August 2021 Afghanistan found itself in the grip of an unprecedented crisis as the Taliban swiftly regained control of the nation quickly extinguishing the flame of academic freedom. The nation's educators and students faced an urgent dilemma and were compelled to escape persecution and navigate the perilous journey to safety. The once promising dreams of university degrees for female students were overshadowed by the Taliban's restrictive educational policies. As the political situation changed quickly, chaos increased, leading to a hurried departure for many and creating a gap in the country's education system. The book *Resilience of Educators in Extraordinary Circumstances: War, Disaster, and Emergencies* captures the gravity of this unfolding humanitarian crisis, shedding light on the plight of those who sought refuge from the shadows of oppression. Beyond merely recounting the hardships faced, the book strategically delves into the interventions and coping mechanisms employed by individuals and organizations. It endeavors to identify the gaps in addressing the educational needs of a population caught in the crossfire of conflict. By showcasing exemplary contributions from institutions, local governments, and humanitarian actors, the book aims to construct a narrative of best practices on a global scale. This collection of narratives becomes a crucial document preserving the stories of those who defied adversity in the pursuit of education.
