Outerbridge, 2023-05-29 Marion Hollins was born into a world and a time when women knew their place It was a notion she rejected throughout her tradition shattering career David Outerbridge tells the tale of an extraordinary woman who is perhaps the sportswoman of the century Yet although she filled the newspapers and magazines of her day her record of amazing accomplishments is not well known today Marion Hollins was the United States Women s Amateur Golf Champion won the Metropolitan Golf Championship three times the Long Island Championship twice and the Pebble Beach Championship an unequaled seven times She was captain of the first U S Curtis Cup team and led it to a strategic upset victory over Joyce Wethered s British team She helped Babe Didrickson and other champions with their nascent games She was the greatest horsewoman of her generation and the only woman rated with a man s handicap in polo In California she instituted the annual tournaments at Pebble Beach and proceeded to set the course record there for women which remained unbroken for 16 years She created the Cypress Point Club and organized its original membership When the architects Seth Raynor and Alister MacKenzie advised her that its famous 16th hole was too long for a straight carry par 3 she said they were wrong picked up a brassie and sent a ball screaming across the ocean Where it landed is the green the most photographed hole in all of golf She creates Pasatiempo another golfing gem and introduced the steeplechase to northern California there She was friends with Mary Pickford Walt Disney Vanderbilts Crocker Amelia Earhart Bobby Jones and other famous personalities of the day Marion Hollins is a personification of the great amateur and a woman who was stopped by no obstacle or convention in achieving what she thought needed to be done She was indeed a champion in a man s world

International Sport: A Bibliography, 1995-1999 Richard William Cox, 2004-04-22 There has been an explosion in the quantity of sports history literature published in recent years making it increasingly difficult to keep abreast of developments The annual number of publications has increased from around 250 to 1 000 a year over the last decade This is due in part to the fact that during the late 1980s and 90s many clubs leagues and governing bodies of sport have celebrated their centenaries and produced histories to mark this occasion and commemorate their achievements It is also the result of the growing popularity and realisation of the importance of sport history research within academe This international bibliography of books articles conference proceedings and essays in the English language is a one stop for the sports historian to know what is new

Historical Dictionary of Golf Bill Mallon, Randon Jerris, 2011-01-21 Golf has been called the greatest of all games but it has also been derided by none other than Mark Twain as nothing more than a good walk spoiled

Traditional teaching holds that golf originated in Scotland around the 15th century. However, there is historical evidence of games similar to golf being played in the low countries of Europe back in the 13th century. Over the many centuries of golf's evolution, the balls used have changed greatly, as have the clubs, the holes, the courses, and the entire game itself. The Historical Dictionary of Golf presents a comprehensive history of the game through a chronology, an introductory essay, a bibliography, photos, and over 300 cross-referenced dictionary entries on places, teams, terminology, and people, including Arnold Palmer, Greg Norman, Lee Trevino, Jack Nicklaus, Annika Sorenstam, Lorena Ochoa, Phil Mickelson, and of course Tiger Woods. Appendixes of the members of the World Golf Hall of Fame, the Major Championships of Golf, the International Team Events, and the Professional Tour Awards are also included.

Born Adventurer Stephen Haddelsey, 2005-09-29. Soldiers and sailors, geographers and geologists, submariners and balloonists all flocked to Antarctica during the Heroic Age of Polar exploration. No one better represented this eclectic band than Frank Bickerton, engineer on Douglas Mawson's Australasian Antarctic Expedition (AAE) of 1911-14. A true pioneer of Antarctic exploration, he piloted the expedition's air tractor, established the first crucial wireless link between Antarctica and the rest of the world, and discovered one of the first meteorites ever to be found on the continent. Treasure hunter, explorer, fighter pilot, entrepreneur, big game hunter, and movie maker, Bickerton not only made a major contribution to the success of the AAE but was also recruited by Ernest Shackleton for his ill-fated Endurance Expedition, dug for pirate gold on Robert Louis Stevenson's Treasure Island, survived bloody dogfights over the Western Front during the First World War, and flirted with the glittering world of 1920s Hollywood. In *Born Adventurer*, historian Stephen Haddelsey draws on unique access to family papers, journals, and letters to provide a thrilling account of Bickerton's rich and colourful life.
