especially English efforts to exoticize or investigate the social practices of the Other It also presents the culturally  
conditioned Indian subject s perspective on Europe and the imperial society The book engages with narratives of suppressed  
movements of tribals and dalits of erosion of the culture and history of ancient communities and recovers the local narratives  
of marginalized groups in Andaman and Malabar which get superseded by the larger narrative of nation building Often  
relying on oral history instead of printed material and sociological fieldwork the alternate histories are presented through  
unconventional literary or semi literary genres like travel narratives fiction films and songs thus presenting an alternative  
interpretation to the central narrative of the progress of mainstream India Representing cultural history and the view from
