Law in American History, Volume II G. Edward White, 2016-02-15 In this second installment of G Edward White's sweeping history of law in America from the colonial era to the present White covers the period between 1865 1929 which encompasses Reconstruction rapid industrialization a huge influx of immigrants the rise of Jim Crow the emergence of an American territorial empire World War I and the booming yet xenophobic 1920s As in the first volume he connects the evolution of American law to the major political economic cultural social and demographic developments of the era To enrich his account White draws from the latest research from across the social sciences economic history anthropology and sociology yet weaves those insights into a highly accessible narrative Along the way he provides a compelling case for why law can be seen as the key to understanding the development of American life as we know it *Law in American History Volume II* will be an essential text for both students of law and general readers

The Making of American History Volume II, 1963 Captives and Voyagers Alexander X. Byrd, 2010-09 Jamestown and Plymouth serve as iconic images of British migration to the New World A century later however when British migration was at its peak the vast majority of men women and children crisscrossing the Atlantic on English ships were of African not English descent *Captives and Voyagers* a compelling study from Alexander X Byrd traces the departures voyages and landings of enslaved and free blacks who left their homelands in the eighteenth century for British colonies and examines how displacement and resettlement shaped migrant society and in turn Britain's Atlantic empire *Captives and Voyagers* breaks away from the conventional image of transatlantic migration and illustrates how black men and women enslaved and free came to populate the edges of an Anglo Atlantic world Whether as settlers in Sierra Leone or as slaves in Jamaica these migrants brought a deep and affecting experience of being in motion to their new homelands and as they became firmly ensconced in the particulars of their new local circumstances they both shaped and were themselves molded by the demands of the British Atlantic world of which they were an essential part Byrd focuses on the two largest and most significant streams of black dislocation the forced immigration of Africans from the Biafran interior of present day southeastern Nigeria to Jamaica as part of the British slave trade and the emigration of free blacks from Great Britain and British North America to Sierra Leone in West Africa By paying particular attention to the social and cultural effects of transatlantic migration on the groups themselves and focusing as well on their place in the British Empire Byrd illuminates the meaning and experience of slavery and liberty for people whose journeys were similarly beset by extreme violence and catastrophe By following the movement of this representative population *Captives and Voyagers* provides a vitally important view of the British colonial world its intersection with the African diaspora *Captives and Voyagers* traces the departures voyages and landings of enslaved and free blacks who left their homelands in the eighteenth century for British colonies and examines how displacement and resettlement shaped migrant society and in turn Britain's Atlantic empire Alexander X Byrd focuses on the two largest and most significant

streams of black dislocation the forced migration of Africans from the Biafran interior of present day southeastern Nigeria to Jamaica as part of the British slave trade and the journeys of free blacks from Great Britain and British North America to Sierra Leone in West Africa By paying particular attention to the social and cultural effects of transatlantic migration on the groups themselves and focusing as well on their place in the British Empire Byrd illuminates the meaning and experience of slavery and liberty for people whose movements were similarly beset by extreme violence and catastrophe AP U.S. History Premium, 2025: Prep Book with 5 Practice Tests + Comprehensive Review + Online Practice Eugene V.
