Anderson, Paul H. B. Chang, Fu-chu Chou, Ke-hsien Huang, Veli-Matti Kärkkäinen, Cheng-tian Kuo, Yun-hsuan Kuo, Peter Tze Ming Ng, David A. Reed, Ray Yun Wang, 2018-11-01 Since Christianity was re introduced to China in the early nineteenth century Chinese Christianity has undergone a holistic transfiguration which both truthfully restores ante Nicene Christianity and successfully adapts to the cultural contexts of Chinese and other societies The theoretical and theological diversity of this book is consistent with that of traditional Chinese religious writings as well as that of the ante Nicene fathers but may be deemed un theoretical un academic or un theological by those theologians who received Western theological training as that tends to be too hegemonic emotionless and archaic in the eyes of lay believers *Hong Kong in Transition* R. Ash, P. Ferdinand, B. Hook, R. Porter, 2000-06-05 This book presents an overview of critical developments surrounding the handover

of Hong Kong to Chinese rule Well known commentators from a variety of disciplines examine the issues and events in the years leading up to the transfer of sovereignty and in the eighteen months that followed Major dilemmas are addressed in the economic political legal social and diplomatic life of the territory which remain in many cases unresolved and pressing as Hong Kong enters the new century Changing Church and State Relations in Hong Kong, 1950-2000 Beatrice Leung, Shun-hing Chan, 2003-08-01 The transition of the Churches from the traditional colonial setting of Hong Kong in the aftermath of World War II to the mature Christian community of post industrial post colonial Hong Kong is analysed with considerable skill by Beatrice Leung Kit fun and Shun hing Chan The two authors add significantly to our understanding of the dilemmas which confronted not only the Churches in adjusting to the transition from British rule but the wider community as well The book gave detailed account of Hong Kong s church state relationship in metamorphosis It should be an important text for students in both political science and China studies and especially in the history of Hong Kong A timely effort to fill a major gap in the study of Hong Kong society church state relations Students of Hong Kong research will find it most informative and useful But its relevance goes beyond Hong Kong this is a major reference for those who are interested in the areas of sociology of religion civil society political science and East Asian studies The book is the first piece of substantial research to analyze Church State relations in Hong Kong during the critical period of the handover from British to Chinese governance It is certainly an original contribution in such scale to raise the attention on an under studied controversial and important area which may critically affect the changing socio political dynamics in Hong Kong This manuscript is an informative insightful and timely study of Church State relations in Hong Kong over the past 50 years
