Changing Rural Systems In Oman Roderic W Dutton, 2013-01-11 First Published in 1999 Oman in the decades prior to the 1960s was largely isolated from the rest of the world and its changing economies and societies With a limited education little international links small health systems and government under the then Sultan Said bin Taimur Rural communities in northern Oman had very little contact with the Sultan's government which was based in the southern province of Dhofar In a world in which people in most countries including the Gulf States gained at least some benefit from modern education and health services Omani villagers and pastoralists had recourse only to Koranic schools and traditional healers On the other hand however they retained full responsibility for the management of their rural resources on which they depended for their livelihoods and for life itself and had evolved effective communal systems for their development and conservation These were exemplified by regulations governing the protection of trees and by the work of the committees which controlled the traditional falaj water supply network People worked interdependently responding to the contributions made by other members of the rural communities in a system of mutual self reliance They also lived in harmony with their environment in a manner which time had proven to be truly sustainable This volume looks at the changes that occurred after Sultan Qaboos came to power in 1970 *Changing Rural Systems in Oman* Roderic Dutton, 1999 First Published in 1999 Routledge is an imprint of Taylor Francis an informa company

Technology, Tradition and Survival Richard Tapper, Keith McLachlan, 2004-11-23 The contributors address the history originality variety and sophistication of traditional science technology and material culture in the Middle East and Central Asia their influence on the history of Europe and the West and the threat posed by modern Western technologies *The Middle East Water Question* Tony Allan, 2001-11-22 Is there enough water on this planet for a global population that will shortly double its present size The answer is of huge importance for people everywhere but particularly to the peoples and political leaders of the Middle East and North Africa Already the region's economies are as dependant on water from outside the region as they are on the renewable waters of the region They will be much more dependant in the future Professor Allan's important new book aims to remove much of the confusion surrounding the issue of water in the Middle East As well as explaining the particular issues of conflict in the region he argues that the answer to these problems lies at the global rather than local level The national water policies of the region political as well as economic can only be properly understood at an international level And it is from this vantage point that solutions from rendering water globally available to addressing the environmental issues to do with its use must be found *The Middle East Water Question* is a major book by one of the world's leading authorities on water issues the product of a decade of involvement with officials professionals Middle East and North African governments and international agencies such as the World Bank and FAO **The Middle East Water Question** John Anthony Allan, Tony Allan, 2000 Professor Allan's important new work aims to remove much of the confusion surrounding the issue of water in the Middle East As well as

explaining the particular issues of conflict in the region he argues that the answer to these problems lies at a global rather than a local level The national water policies political as well as economic of Middle East states can only be properly understood at an international level And it is from this vantage point that solutions from rendering water globally available to addressing the environmental issues to do with its use must be found BOOK JACKET *L'Oman contemporain* Thibaut Klinger,2021-12-31 Since 1970 Oman has taken up the challenge of shaping an imagined community and unifying an ancient territory that was torn apart in the past by secession or civil wars Spatial planning has been at the heart of its policy guided by a carefully defined national identity to broadly integrate the physical and human components of the country With the integration into globalization and the emphasis on tourism to diversify the economy too dependent on hydrocarbons the national narrative becomes a brand What are the reciprocal effects of branding and spatial planning Tourism particularly reveals these interactions but also the effects on the governance of the sultanate while heritage plays a complex role anchoring branding in a deep political project The image of tolerance a true brand of Oman in a regional environment of religious divisions is clearly part of the country s territory strongly associating branding and spatial planning **The Middle East** ,2001 Subject Guide to Books in Print ,1991 **L'Oman contemporain** Marc Lavergne,Brigitte Dumortier,2002-01-01 Coordonné par deux spécialistes français de la péninsule Arabique cet ouvrage réunit les meilleurs connaisseurs arabes européens et américains du sultanat d'Oman Anthropologues économistes géographes historiens juristes et politologues cernent la lumière des héritages des évolutions passées des dynamiques actuelles et du contexte international les réalités complexes de ce pays peu connu Ce modeste producteur de pétrole héritier d'une thalassocratie dont les possessions jalonnaient les rivages de l'océan Indien marqué du sceau de l'ibadisme un rameau singulier de l'islam occupe une position stratégique sur le détroit d'Ormuz Il connaît depuis une trentaine d'années des transformations économiques génératrices de profonds changements sociaux et de nouvelles aspirations politiques qui sont analysés ici *Index Islamicus* ,1999 The British National Bibliography Arthur James Wells,2000 *Forthcoming Books* Rose Arny,1998-04 **Bibliography of Agriculture with Subject Index** ,2000 *American Book Publishing Record* ,1999 *Ausgewählte neuere Literatur* ,2000 World Agricultural Economics and Rural Sociology Abstracts ,1988 **World Highway Report** ,1988 Rural Community Development in Oman Roderic Dutton,1980 **Rural Development in Oman** Sulaiman Nasser al - Azri,1981 Durham University Khabura Development Project.
