Challenge Of Childrens Rights For Canada:

The Challenge of Children's Rights for Canada Katherine Covell, R. Brian Howe, 2006-01-01 Canada signed the United Nations Convention on the Rights of the Child over a decade ago yet there is still a lack of awareness about and provision for children's rights What are Canada's obligations to children How has Canada fallen short Why is it so important to the future of Canadian society that children's rights be met Prompted by the gap between the promise of children's rights and the reality of their continuing denial Katherine Covell and R Brian Howe call for changes to existing laws policies and practices Using the United Nations Convention on the Rights of the Child as their framework the authors examine the continuing problems of child poverty child care child protection youth justice and the suppression of children's voices They challenge us to move from seeing children as parental property to seeing children as independent bearers of rights In The Challenge of Children's Rights for Canada Canada's obligations and the rights of children are examined from the perspectives of research and development in the fields of developmental psychology developmental neuroscience law and family policy This timely and accessible book will be of interest to academics policy makers and anyone who cares about children and about taking children's rights seriously The Challenge of Children's Rights for Canada, 2nd edition Katherine Covell, R. Brian Howe, J.C. Blokhuis, 2018-08-30 More than a quarter of a century has passed since Canada promised to recognize and respect the rights of children under the United Nations Convention on the Rights of the Child Ratification of the Convention cannot however guarantee that everyone will abandon proprietary notions about children or that all children will be free to enjoy the substance of their rights in every social and institutional context in which they find themselves including and perhaps especially within families This disconnect remains one of the most important challenges to the recognition of children's rights in Canada The authors argue that social toxins are as harmful to children's independent welfare and developmental interests as environmental toxins and that both must be eradicated if Canada is to fulfill its commitments under the Convention They also argue that if Canada wishes to ensure the substance of the rights outlined in the Convention are socially guaranteed an attitudinal or cultural shift is required concerning the moral and legal status of children This revised expanded and updated edition of the bestselling Challenge of Children's Rights for Canada will be of interest to academics policymakers parents teachers social workers and human service professionals indeed to anyone who cares about and for children Challenge of Children's Rights for Canada, 2nd Edition, 2018 More than a quarter of a century has passed since Canada promised to recognize and respect the rights of children under the United Nations Convention on the Rights of the Child Ratification of the Convention cannot however guarantee that everyone will abandon proprietary notions about children or that all children will be free to enjoy the substance of their rights in every social and institutional context in which they find themselves including and perhaps especially within families This disconnect remains one of the most important challenges to the recognition of children's rights in Canada The authors argue that social toxins are as harmful to children's independent

welfare and developmental interests as environmental toxins and that both must be eradicated if Canada is to fulfill its commitments under the Convention They also argue that if Canada wishes to ensure the substance of the rights outlined in the Convention are socially guaranteed an attitudinal or cultural shift is required concerning the moral and legal status of children This revised expanded and updated edition of the bestselling Challenge of Children's Rights for Canada will be of interest to academics policymakers parents teachers social workers and human service professionals indeed to anyone who cares about and for children The Challenge of Children's Rights for Canada, 2nd Edition Katherine Covell,R. Brian Howe,J. C. Blokhuis,2018-08-30 In ratifying the United Nations Convention on the Rights of the Child in 1991 Canada promised to recognize and respect the rights of children outlined within it The second edition of The Challenge of Children's Rights for Canada assesses the extent to which Canada has fulfilled this promise Canadian Social Work Review ,2003
