Challenge To Confirmands:

Lived Religion - Conceptual, Empirical and Practical-Theological Approaches Heinz Streib, 2008-03-31 Lived religion signifies a shift of focus in order to attend to the religiosity of individuals and groups as embedded in the contexts of life worlds. It suggests fresh attention to the body to perception to experience to everyday life and to biography. The essays in this collection gravitate around the concept of lived religion honoring the contributions of Hans Gnter Heimbrock in which he suggests this conceptual framework for understanding practical theology and religious education and for designing empirical research in theology. The contributions embrace a broad spectrum and include empirical studies exegetical and historical investigations contributions on practical theology as well as on the theory and practice of religious education inviting further reflection and discussion about lived religion.

Rooting Your Teen in the Faith Kim Cameron-Smith, 2023-01-03 While Catholic teens drifting away from the Faith is unfortunately an increasingly common occurrence it is not inevitable. We as parents are uniquely qualified to lead our teens to a relationship with Christ. During the difficult teenage years parents not youth ministers teachers or parish programs play a pivotal role in our children's faith development. In *Rooting Your Teen in the Faith* family coach catechist author and mom Kim Cameron Smith empowers parents to shepherd their teens guiding them to discover their mission deepen their faith and discern the truth about their identity and purpose. There is no perfect blueprint for evangelizing teenagers but there is the right relationship the parent child bond. If we lean into our call to lead inspire free and transform our children by the end of the teenage years they will be equipped to respond to God's movements in their lives.

Cultivating Teen Faith Richard R. Osmer, Katherine M. Douglass, 2018-10-25 What are churches doing to form the faith of their young people? Many church denominations that practice infant baptism offer confirmation or an equivalent ministry when children reach adolescence and enter a new phase of spiritual growth but all churches regardless of tradition wrestle with how to get young adults to actively join the church. What really works? In this book twelve authors draw on a three year study of more than three thousand US congregations across five denominations: United Methodist Church African Methodist Episcopal Church Episcopal Church Evangelical Lutheran Church in America and Presbyterian Church USA to answer this pressing question. They tell stories of excellent and innovative confirmation programs that work and that show above all what good discipleship with young people looks like. Youth pastors church leaders and parents alike will benefit from the practices and new ways of teaching presented here that have proven helpful in forming and enhancing the faith of youth. Contributors: Joy L Arroyo Reginald Blount Kenda Creasy Dean Katherine M Douglass Terri Martinson Elton Lisa Kimball Gordon S Mikoski Kermit Moss Richard R Osmer Kate Harmon Siberine Jacob Sorenson Kate O Unruh.
