## **Challenges To Authority:**

*Challenges to Authority and the Recognition of Rights* Catharine MacMillan, Charlotte Smith, 2018-08-16 A unique volume demonstrating how law changes by reason of challenges to authority which seek the recognition of rights That Precious Strand of Jewishness That Challenges Authority Leon Rosselson, 2017-07-01 For my parents and grandparents Jewish identity in religion culture and language was a given Not so for me I m not religious not a Zionist so in what consists my Jewishness Is a love of chopped liver and a belief that chicken soup cures all ills enough And does it matter This is the story of my search for answers It is an argument with myself with song lyrics to embellish the argument Like so many of those others in Britain of Jewish lineage songwriter and award winning folk singer Leon Rosselson is descended from antecedents who fled pogroms in eastern Europe Pertinently he questions what being a Jew means is it adherence to Judaism as a religion an ethnicity a citizen of Israel or someone who eats chicken soup with knedlach He describes clearly and with historical insight how any concept of Jewishness can involve all of those things and more In his own life he has decided to pick and choose from this tradition and history and build on what he deems to be the progressive humane and universalist values of that Jewish background Rosselson is a strong supporter of Palestinian rights seeing in the victimization of Palestinians by the state of Israel parallels with historical Jewish persecution He concludes this short essay by stating I share with the growing number of Jews in the diaspora who place solidarity with the oppressed above demands of tribalism and with those in Israel who dare to stand against the powers that be The Media and Religious Authority Stewart M. Hoover, 2016-09-01 As the availability and use of media platforms continue to expand the cultural visibility of religion is on the rise leading to questions about religious authority Where does it come from How is it established What might be changing it The contributors to *The Media and Religious Authority* examine the ways in which new centers of power and influence are emerging as religions seek to brand themselves in the media age Putting their in depth incisive studies of particular instances of media production and reception in Asia Africa Latin America and North America into conversation with one another the volume explores how evolving mediations of religion in various places affect the prospects aspirations and durability of religious authority across the globe An insightful combination of theoretical groundwork and individual case studies *The Media and Religious Authority* invites us to rethink the relationships among the media religion and culture The contributors are Karina Kosicki Bellotti Alexandra Boutros Pauline Hope Cheong Peter Horsfield Christine Hoff Kraemer Joonseong Lee Alf Linderman Bah yyah Maroon Montr Aza Missouri and Emily Zeamer with an afterword by Lynn Schofield Clark **Challenges to Authority and the Recognition of Rights** Catharine MacMillan, Charlotte Smith, 2018-08-16 While challenges to authority are generally perceived as destructive to legal order this original collection of essays with Magna Carta at its heart questions this assumption In a series of chapters concerned with different forms of challenges to legal authority over time geographical place and subject matters both public and private this volume demonstrates that challenges to authority which seek the

recognition of rights actually change the existing legal order rather than destroying it The chapters further explore how the myth of Magna Carta emerged and its role in the pre modern world how challenges to authority formed the basis of the recognition of rights in particular areas within England and how challenges to authority resulted in the recognition of particular rights in the United States Canada Australia and Germany This is a uniquely insightful thematic collection which proposes a new view into the processes of legal change *Teach Them to Challenge Authority* Gregory S. Prince, 2008-04-15 Eminent educator Greg Prince examines how colleges should set an example of behaviour to students in order to maximise their success The author investigates both the national and international implications and reveals how these simple measures will revitalise not only the world of education but also wider society *The American Decisions, Containing All the Cases of General Value and Authority Decided in the Courts of the Several States*, 1879 *Arbitral Institutions Under Scrutiny: ASA Special Series No. 40* Philipp Habegger, Daniel Hochstrasser, Gabrielle Nater-Bass, Urs Weber-Stecher, 2013-03-01 The internal organisation and practices of operation of arbitral institutions are often not transparent and are rarely addressed in public discussions among arbitration practitioners To shed some light on aspects of the internal organisation and operation of these institutions ASA asked the MIDS Geneva LLM in International Dispute Settlement to conduct a broad survey of arbitral institutions based on a detailed questionnaire The results are summarized in Chapter 1 of this volume The further Chapters of this volume contain the presentations of the speakers at the ASA conference of 9 September 2011 They discuss responsibilities of the institutions in administering arbitration cases under their sets of rules in the different phases of an arbitral proceeding from the constitution of the arbitral tribunal to supervision and quality control to financial aspects such as cost control and the potential liability of arbitrators In sum this volume of the ASA Special Series contains a lot of interesting information for all arbitration practitioners and users of institutional arbitration services **Controversy and Dialogue in the Jewish Tradition** Hanina Ben-Menahem, Neil Hecht, Shai Wosner, 2022-03-23 Controversy is the main instrument by which Judaism develops and shapes its philosophy theology and law The rabbinical literature speaks with many voices debating virtually every subject and failing to reach a consensus on many However this willingness to condone controversy is accompanied by much deliberation Controversy and its legal philosophical and social ramifications was and remains of unparalleled concern to the rabbis Today we are also witness to a burgeoning academic interest in controversy and pluralism in Jewish law This book is an anthology of passages from the rabbinical literature that address the phenomenon of controversy in Jewish law affording the English speaking reader the opportunity for a first hand encounter with this fascinating material An extensive analytical introduction contextualizes the material from a philosophical perspective For more information please visit [www.controversydialogue.org](http://www.controversydialogue.org) **The Handbook of Religion and Communication** Yoel Cohen, Paul A. Chicago Transit Authority* ,2009 **Capitalism and Desire** Todd McGowan,2016-09-20 Despite creating vast inequalities and propping up reactionary world regimes capitalism has many passionate defenders but not because of what it withholds from some and gives to others Capitalism dominates Todd McGowan argues because it mimics the structure of our desire while hiding the trauma that the system inflicts upon it People from all backgrounds enjoy what capitalism provides but at the same time are told more and better is yet to come Capitalism traps us through an incomplete satisfaction that compels us after the new the better and the more Capitalism s parasitic relationship to our desires gives it the illusion of corresponding to our natural impulses which is how capitalism s defenders characterize it By understanding this psychic strategy McGowan hopes to divest us of our addiction to capitalist enrichment and help us rediscover enjoyment as we actually experienced it By locating it in the present McGowan frees us from our attachment to a better future and the belief

that capitalism is an essential outgrowth of human nature From this perspective our economic social and political worlds open up to real political change Eloquent and enlivened by examples from film television consumer culture and everyday life Capitalism and Desire brings a new psychoanalytically grounded approach to political and social theory     *The Poor Law Magazine and Journal of Public Health for Scotland* ,1871     United States of America V.
