## Challenges To Communism:

*Challenges to Communism* John G. Gurley, 1982      *Problems of Communism*, 1962      *The Challenge of World Communism* Hamilton Fish, 1946      **The Challenge of Bolshevism** D. F. Buxton, 2017-07-06 Originally published in 1928 this book is a result of a visit to Russia by the author who stayed in a remote village and mixed with the local population A crusader for social justice Dorothy Buxton in theory saw Bolshevism as a fairer system and went to Russia to see the effects of the Revolution With an intellectual honesty rarely seen by critics of Soviet Russia the author examines fundamental questions of sociology and religion with some unexpected conclusions      *Communist Systems and Challenges* Amos Yoder, 1990 Sets forth a framework of facts and analyses to better understand the changing aspects of communism today It asks What are the basic elements of the communist ideology that have allowed it to influence the thinking of half the world as well as other critical questions      *Moscow Challenges the World* Ion Rațiu, 1986      *The Critique of Nonviolence* Mark Christian Thompson, 2022-06-28 How does Martin Luther King Jr understand race philosophically and how did this understanding lead him to develop an ontological conception of racist police violence In this important new work Mark Christian Thompson attempts to answer these questions examining ontology in Martin Luther King Jr s philosophy Specifically the book reads King through 1920s German academic debates between Martin Heidegger Rudolf Bultmann Hans Jonas Carl Schmitt Eric Voegelin Hannah Arendt and others on Being gnosticism existentialism political theology and sovereignty It further examines King s dissertation about Tillich as well other key texts from his speculative writings sermons and speeches positing King s understanding of divine love as a form of Heideggerian ontology articulated in beloved community Tracking the presence of twentieth century German philosophy and theology in his thought the book situates King s ontology conceptually and socially in nonviolent protest In so doing *The Critique of Nonviolence* reads King s Letter from a Birmingham Jail 1963 with Walter Benjamin s Critique of Violence 1921 to reveal the depth of King s political theological critique of police violence as the illegitimate appropriation of the racialized state of exception As Thompson argues it is in part through its appropriation of German philosophy and theology that King s ontology condemns the perpetual American state of racial exception that permits unlimited police violence against Black lives      *The Index to American Catholic Pamphlets* Eugene Paul Willging, 1927      *The Challenge of Russia* Sherwood Eddy, 1931      **Red Scared!** Michael Barson, Steven Heller, 2001-04 *Red Scared* offers valuable lessons from the vault on how to identify Communists media reports on the jolly side of Stalin guidelines for bomb shelter chic and much more As they did in their other lively pop culture histories Teenage Confidential and Wedding Bell Blues Michael Barson and Steven Heller once again bring the nearly forgotten details of American culture into full relief with *Red Scared* BOOK JACKET      **The Challenge of Bolshevism** Dorothy Frances Buxton, 1928      *Challenges to Democracy in the New Era*, 1999      **The Philosophy of Restraint** Indira Rothermund, 1963      **Two Ways of Life** William Ebenstein, 1962 Textbook which seeks to show what democracy stands for

and how the democratic way of life is challenged by communism      **Psychological Aspects of International Relations, Hearing ... 89-2, May 25, 1966** United States. Congress. Senate. Foreign Relations,1966      **Challenges to Democracy** Sten Berglund,2001-01-01 The book is written in a systematic clear and accessible style and provides an excellent introduction to the state of democracy in contemporary postsocialist Europe Recommended for undergraduate graduate research and faculty collections P Rutland Choice The euphoria evidenced in the aftermath of the collapse of communist regimes in the late 1980s and early 1990s sometimes conveyed the impression that the process of democratization would be achieved without difficulty or tribulation This book sets out to provide a thorough comparative analysis of the challenges which face the emerging democracies of Central and Eastern Europe and considers the impact of political change Drawing heavily on available survey data the book provides an in depth account of how the new democracies of Central and Eastern Europe have coped with four major challenges political fragmentation nationalism lack of respect for human rights and poorly developed civil service systems The book demonstrates that although the first few years of the 1990s were marked by increasing disenchantment with the new regimes the change of governments as a direct result of the electoral process and the prospects for European integration have served to reverse this negative trend Indeed the authors find that the new political systems have managed to cope with the challenges so effectively that striking similarities with Western democracies are now apparent      **China's Market Communism** Steven Rosefielde,Jonathan Leightner,2017-09-19 China s Market Communism guides readers step by step up the ladder of China s reforms and transformational possibilities to a full understanding of Beijing s communist and post communist options by investigating the lessons that Xi can learn from Mao Adam Smith and inclusive economic theory The book sharply distinguishes what can be immediately accomplished from the road that must be traversed to better futures      **Psychological Aspects of International Relations** United States. Congress. Senate. Committee on Foreign Relations,1966      **Labor and Internationalism** Lewis Levitzki Lorwin,1929

*Celebrating Life in Community* Carter Lindberg,Zachary Michael Tackett,2024-03-05 With some of the finest scholars in Pentecostal and Evangelical studies this book approaches pastoral and academic dynamics dear to the thought and practice of Murray W Dempster Three overriding themes are addressed biblical and theological studies peacemaking and the Christian witness and the work of the church in the broader community
