 writing process usually put somewhere near the end and often completely crowded out of writer s workshop Too many times
 daily editing lessons happen in a vacuum with no relationship to what students are writing In *Everyday Editing* Jeff Anderson
 asks teachers to reflect on what sort of message this approach sends to students Does it tell them that editing and revision
 are meaningful parts of the writing process or just a hunt for errors with a 50 50 chance of getting it right comma or no

 carefully at their writing along with mentor texts and to think about how punctuation grammar and style can be best used to
 hone and communicate meaning Written in Jeff s characteristically witty style this refreshing and practical guide offers an
 overview of his approach to editing within the writing workshop as well as ten detailed sets of lessons covering everything
