Who's #1? Christopher J. Walsh, 2007-09-27 There's nothing quite as controversial in American sports as college football's national championship making it common fodder for talk around the water cooler as well as loftier debates among professional journalists in the sports pages Walsh takes a comprehensive view of over a century of controversy breaking teams down into one of three categories perennial powers contenders and former greats He then reviews the ten most controversial championships suggests candidates for the best overall football program and concludes with some thoughts on the future of the BCS A comprehensive appendix lists national champions since 1869 AP and USA Today UPI final polls final BCS standings first team All Americans and College Football Hall of Fame inductees

Determining the College Football Playoff Ray D. Theis, Mark G. Terwilliger, 2021-08-12 In this book we explore the history of college football and in particular the mythical college championship from 1869 to the present day For several years different media outlets took it upon themselves to declare a national championship which led to nothing short of confusion In one year four different teams were named champion This chaotic situation and accompanying controversy ultimately led to the creation of the Bowl Championship Series or BCS Initially the BCS selection was based on a formula that incorporated several polls and computer models However the proprietary nature of the computer models and the complexity of the mathematics used to combine the

data sources to arrive at the final selection did very little to quiet the controversy This led to the creation of a selection committee to choose the four best teams to compete in a four team playoff Again controversy has ensued with many questioning the politics and nebulous capricious nature of the criteria We have created an alternate model which we have dubbed the weighted wins system that defines a simple unbiased and consistent mechanism for evaluating and comparing the records of the teams in the NCAA s Bowl Subdivision We have compared the results of the weighted wins model against forty years of actual game results and found that it generates very similar outcomes The primary difference is that it completely removes politics from the selection process and offers a clear path to the playoffs for all members of the Bowl Subdivision

Auburn's Unclaimed National Championships Michael C. Skotnicki, 2012-11 Because major college football has never had a playoff system to produce a true champion controversy has surrounded the issue of which team could be declared a National Champion even as far back as the early years of the last century The sports media and followers of college football filled that vacuum by creating polls and mathematical systems to name various teams as National Champions even retroactively naming champions for college football s early years Some colleges have seized every opportunity to glorify their football teams by claiming a National Championship for every year possible An exception has been Auburn University which has not done all it can to celebrate its success on the gridiron and officially claims a National Championship for only two seasons 1957 and 2010 Auburn even declines to claim a National Championship for its undefeated 1913 team although that squad is recognized as a National Champion in the Official NCAA Division I Football Records Book Auburn s Unclaimed National Championships seeks to alter this position of the Auburn University Athletic Department and is perhaps one of the most important books ever written about the Auburn University football program Author Michael Skotnicki argues that until a playoff system is instituted by the NCAA to establish a true major college football National Champion multiple teams can make a legitimate claim to a National Championship and the concept of a true single National Champion for any season is mythical Skotnicki notes that many universities have claimed National Championships for seasons where they were not named such by the two most well know selectors the Associated Press and the Coaches Poll with two universities even adding retroactive National Championship claims to past seasons as recently as this year 2012 This well researched text brings needed attention to the entire history of Auburn football and makes the case for the position that in addition to the 1957 and 2010 National Championship seasons claimed by the Auburn Athletic Department there are seven other seasons 1910 1913 1914 1958 1983 1993 and 2004 for which Auburn should be recognized as a National Champion Skotnicki an appellate attorney provides a history for each of these seasons brings them to life and makes the case for why Auburn s claim to recognition as a National Champion for each of those years is as strong or stronger than the teams accepted as national champions in those seasons Skotnicki argues that in only claiming two National Championship seasons Auburn University is forsaking much of its great football history and that it should claim a total of nine National

Americans turned to college football for relief from the turbulent world around them The Depression still had its grip on the nation and across the Atlantic the Battle of Britain raged As war crept closer every day the nations first peacetime draft called Americans to the defense of the country While the great Tom Harmon of Michigan set new standards on the gridiron on other fields black stars struggled for the right to play At Stanford coaching genius Clark Shaughnessy reinvented the game and in the process engineered the greatest turnaround in the history of college football But the team everybody was talking about was Cornell Fueled by the most powerful offense in the country the Big Red dominated the national rankings until on a snowy field at Dartmouth they eked out a win with a touchdown on the last play of the game or did they When it came to light that the touchdown had been scored on a grievous error by the officials Cornell undefeated and in the race for the national championship faced a wrenching decision The 1940 season was one of the most exciting on record and one that taught America about the values that really matter **A Forgotten First National Championship** Mike Belter,2016-07-12

Sixteen and Counting Kenneth Gaddy, 2017-08-08. Dramatic accounts of every University of Alabama National Championship football season recounted by noted sports writers, players and Alabamians. Dating back to 1925 when Wallace Wade coached the Crimson Tide to an undefeated season and earned a spot in the Rose Bowl, the driving goal of every University of Alabama football season has been a national championship. A winning team surfaced that very next year when Hoyt "Wu" Winslett's squad sealed the national championship at the Rose Bowl for a second time. Winning seasons and bowl games culminating in the coveted crown followed again in 1930, 1934, 1941, 1961, 1964, 1965, 1973, 1978, 1979, 1992, 2009, 2011, 2012 and 2015—more championships than any other college team in the nation. *Sixteen and Counting* features a chapter highlighting each of these championship seasons and collects the legendary stories of many of the outstanding coaches and players on the University of Alabama's championship teams. College football legends such as Wallace Wade, Wu Winslett, Johnny Mack Brown, Pooley Herbert, Frank Thomas, Dixie Howell, Don Hutson, Jimmy Nelson, Holt Rast, Pat Trammel, Sam Bailey, Lee Roy Jordan, Harry Gilmer, Bill Lee, Ken Stabler, Joe Namath, Gary Rutledge, Randy Billingsley, Barry Krauss, Clem Gryska, Gene Stallings, Paul Bear Bryant and of course Nick Saban all make prominent appearances. A seventeenth chapter is included that looks at the uncrowned teams commonly referred to as the "other five" who were considered national champions by at least one national ranking service at the end of the season. Every glorious milestone and high point in Alabama football history is included here: Mama called the wishbone formation, The Goal Line Stand, the Million Dollar Band, the coaching tower, the Davis kicking dynasty, the Notre Dame box, Coach of the Year, Team of the Decade and two Heisman trophy winners.
