Broughton,2009-05-14 Japanese Zen often implies that textual learning gakumon in Buddhism and personal experience taiken in Zen are separate but the career and writings of the Chinese Tang dynasty Chan master Guifeng Zongmi 780 841 undermine this division For the first time in English Jeffrey Broughton presents an annotated translation of Zongmi s magnum opus the Chan Prolegomenon along with translations of his Chan Letter and Chan Notes The Chan Prolegomenon persuasively argues that Chan axiom realizations are identical to the teachings embedded in canonical word and that one who transmits Chan must use the sutras and treatises as a standard Japanese Rinzai Zen has since the Edo period marginalized the sutra based Chan of the Chan Prolegomenon and

its successor text the Mind Mirror Zongjinglu of Yongming Yanshou 904-976. This book contains the first in-depth treatment in English of the neglected Mind Mirror, positioning it as a restatement of Zongmi's work for a Song dynasty audience. The ideas and models of the Chan Prolegomenon, often disseminated in East Asia through the conduit of the Mind Mirror, were highly influential in the Chan traditions of Song and Ming China, Korea from the late Koryŏ onward, and Kamakura Muromachi Japan. In addition, Tangut language translations of Zongmi's Chan Prolegomenon and Chan Letter constitute the very basis of the Chan tradition of the state of Xixia. As Broughton shows, the sutra-based Chan of Zongmi and Yanshou was much more normative in the East Asian world than previously believed, and readers who seek a deeper, more complete understanding of the Chan tradition will experience a surprising reorientation in this book. Singapore Cinema Raphaël Millet, 2006. In the world of Singapore cinema, Western, Middle Eastern, and Asian folktales once coexisted in a unique melding of cultural and filmic traditions. This book takes you through the various forces and stages that have shaped the mosaic that is Singapore cinema. And along the way, you will find unexpected cinematic treasures compiled from archival sources as well as from never-before-published collections tracked down by the writer himself. Book jacket. **The Hong Kong Government Gazette** Hong Kong, 1980-05. *Annual Report* United States. Congressional-Executive Commission on China, 2018. Records of the General Conference of the Protestant Missionaries of China Matthew Tyson Yates, 1878. **The Zoological Record**, 2003. **Monks and Monarchs, Kinship and Kingship** Jinhua Chen, 2002. Two aspects of the legacy of Buddhist monk Tanquian 542-607, who lived in China under the Sui dynasty, are analyzed in detail: the relic veneration movement that he orchestrated at the beginning of the seventh century and the national meditation center situated at the twin monasteries called Chandingsi, supervised by him. The author's research illustrates the significant but also long-ignored roles that kinship factors played between the secular and monastic worlds as well as within the monastic community. *Science Abstracts*, 1985. **The Far East and Australasia**, 1998.
