 death he reveals how he came to a new conviction about eternal life God says spong is ultimately one and each of us is part of
 that oneness We do not live on after death as children who have been rewarded with heaven or punished with hell but as part
 of the life and being of God sharing in God's eternity which is beyond the barriers of time and space spong argues that the
 discovery of the eternal can be found within each of us if we go deeply into ourselves transcend our limits and become fully
 human By seeking God within by living each day to its fullest we will come to understand how we live eternally Always
 compelling and controversial Spong the leading Christian liberal and pioneer for human rights wrestles with the question
 that all of us will ultimately face In his final book Spong takes us beyond religion and even beyond Christianity until he
 arrives at the affirmation that the fully realized human life empties into and participates in the eternity of God The pathway
 into God turns out to be both a pathway into ourselves and a doorway into eternal life To Job's question If a man or a woman
 dies will he or she live again he gives his answer as a ringing yes The mathematical theory of probabilities and its
